YOU KNOW...

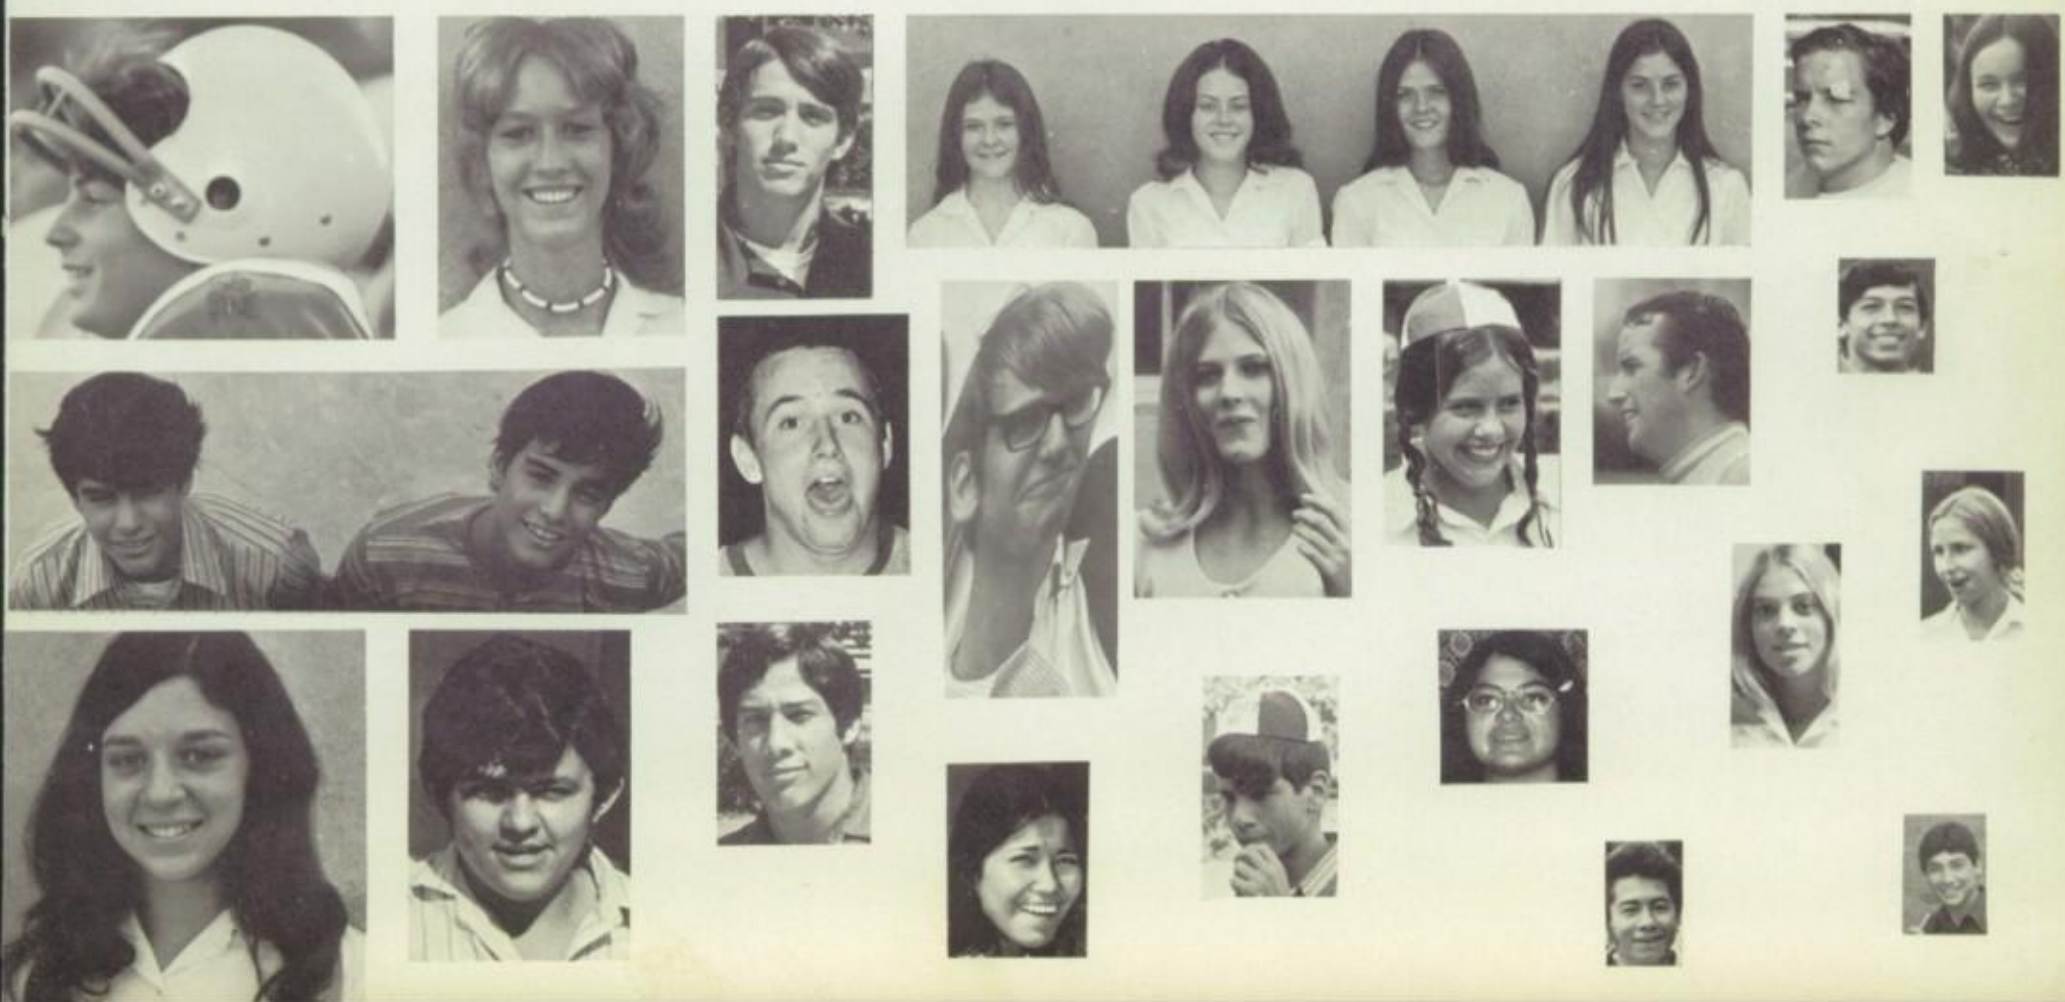

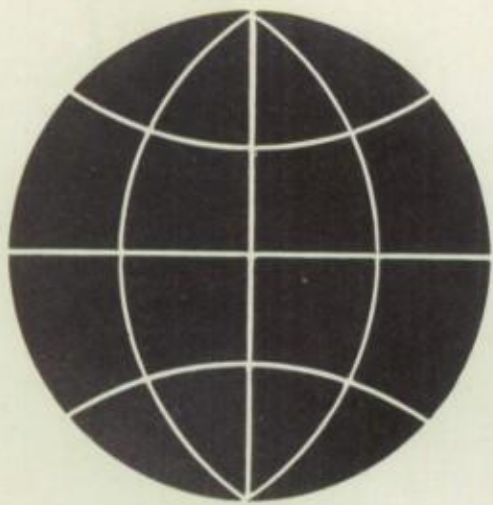

IT TAKES ALL KINDS . . .

THEME

IT TAKES ALL KINDS TO MAKE THE WORLD GO AROUND.

Sometimes this proverb is used in a pique of exasperation; something like when Professor Higgins, in "My Fair Lady" complains, "Why can't a woman be more like a man?" At other times the slogan is muttered with the resignation of the alcoholic who prays; "God grant me the serenity to accept the things I cannot change, the courage to change the things I can, and the wisdom to know the difference."

But we don't use this quote as our theme in either of these moods. Rather we say them with wonder and gratitude, as if to declare, in the words of another time-worn bromide, "Variety is the spice of life." For we find the variety among kinds of people a thing to be astonished at. And we look at the multiplicity of types of persons, of talent and temperament, of size and shape, of age, sex and origin as something to be thankful for.

And that variety that we discover in God's great world, in rocks and trees and animals, but preeminently in people, we seem to find, on a smaller scale, in the microcosmic world of our school.

It is this variety in the kinds of people at Saint Mary's that we have sought to stress in this our 1972 edition of EL CABALLERO.

Frosh Initiation

Good sportsmanship and a lot of laughs were provided by the freshmen initiation this year. To the freshmen it was a time of dread. To the seniors it was a day of vengeance.

The freshmen, of course, were glad when it was all over. No more smashed eggs, senior signs, or humiliating pranks. It was over soon enough. The slaves were freed, the seniors signed a treaty, and peace descended on the campus.

These freshmen are as blind as bananas.

Key Club

In keeping with the St. Mary's Key Club's Annual motto—"Enrich Man's Existence"—the new initiates find out what it takes to be a member. From manicuring the lawn at the Bishop's office to building churches and picking fruit, the Key Clubbers are living up to their motto, while working hard and having fun.

Under the watchful eye of moderator, Fr. Lester Mitchell and the leadership of Fred Rael, President, Key Clubbers fulfill their duties, sometimes at great personal sacrifices. The lesser of these sacrifices is the initiation itself, in which the new members are only required to wear a tie and have shined shoes for a period of time that is decided by Fr. Lester.

The Key Club is a great tribute to St. Mary's and we are proud to have them.

Leadership, service, scholarship and character are the words that represent the whole idea of the National Honor Society. Members are carefully chosen, and requirements are tough. Only 14 members made up '72's membership.

Diane Ross, president, thought the club's size helped efficiency, and that members could feel a greater sense of unity.

NHS offers a few advantages. Membership makes a student's record look good, and members may leave any class to do other work, if the teacher doesn't object.

But the biggest advantage of all, one member thought, was knowing that the club was really being helpful to the community.

"Now Fred, you take the pens and bring in the money tomorrow." (Fred Rael and Brian Burch.)

Then officers were elected. The new president was Sarah Douthat, Vice-president, Sue Butler, Treasurer, Kathy Mannhard, and Secretary, Jenny McCarty. (All helped in a year of club sales, publication deadlines and meetings for both.)

Quill and Scroll is a national society for students outstanding in journalism and related fields. The club seeks to encourage initiative, creative talent, and to recognize and reward achievements of journalism students.

Modern Dance

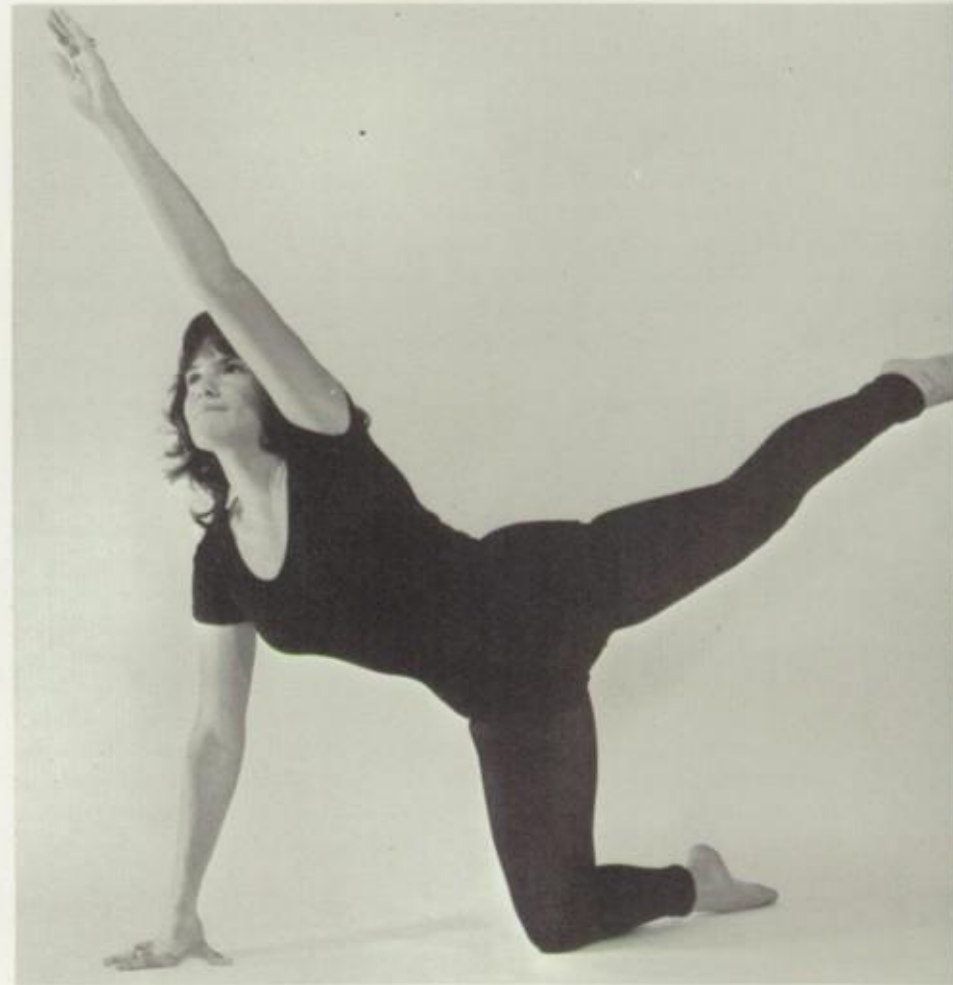

Every weekday, in the morning, from 7:00 to 7:50, fifteen girls met in the gym to stretch, bend and leap in their new Modern Dance Class. This is not exactly a ballet class. It's not exactly calisthenics either. It is something in between. It teaches movement, exercise, body mechanics, dance technique, choreography and dance production.

Miss Marie Smith, who teaches English at St. Mary's, minored in Modern Dance at the University of Arizona, so Father Joel asked her to teach it this year.

IT TAKES WORKERS . . .

Key Club Projects

"A guy needs three arms and three legs to run a machine like this." (Fred Rael and Father Lester).

It would seem that the Key Club didn't dodge any jobs again this year. They replanted the Chancery Office building's front lawn, putting in a sprinkler system and shaping up the shrubs. They erected a crib on the same lawn at Christmas time. They attended Dope Stop meetings and went to grade schools to warn of the hazards of drug abuse. They had a canned goods drive for the St. Mary's food bank. They regularly acted as servers, lectors and ushers for Saturday evening Mass at St. Mary's and also for the school Masses. They are a tough group to keep up with.

Fred Rael was president this year, and Father Lester was again the faculty moderator.

They bag the leaves to foil the wind. (Martin Soto, Chris Georges, David Favela and Fred Rael).

Father Joel and Father Lester concelebrate while David Favela and Tom Ruiz wait with the cruets.

Pork and Beans contribute to the Thanksgiving food drive. (Mike Roddy and Joe Georges).

"So I told the Bishop I wanted to work for the church." (Dan Cordova and Joe Mendivil).

Greg Pentkowski and Jesse Valdez retire the colors.

Senate At Work

Senators Chris Georges and Bill Labadie exact of David Nuanez, a fine for his crime.

The dictionary defines a "heavy" as a villain in a story or play. It must seem to the Senators, at times, that they have been cast as the "heavies" on the campus stage. But, deep down, the other students know that the Senators are really the "good guys" and not the villains. And in their better moments the students silently thank them for doing their thankless job so well.

"I feel like a penicillin molecule in a microbe flock." (Jim Hegarty)

El Caballero And The Knight

From the first few weeks of September to the last days in May, the staffs of the Knight and the Annual worked diligently to put out their respective publications. This in itself was not unusual. It was the way it was done that was unique.

For the first time in S.M.'s history, the Annual and Journalism classes were combined into one large class. The paper was published by the copy staff who also wrote for the Annual. Other groups within the class were the photographers, layout staff, and the rest of the photo staff.

A lot of interesting things happened as a result of the combined class. Many of the incidents resulted in mass hysteria on the part of the editors as they tried to meet their deadlines.

But whatever the case, the class was an experience many people are not likely to forget.

Liturgy

This year's Liturgy was headed by Fr. Forrest and Mr. Dan Webster. They have initiated a group of folksingers to St. Mary's. The music is from Fr. Forrest's abundant collection.

Girls League and Key Club both took part in the reading of Epistles, and Offertory processions.

Miss Barbara Bell, moderator for Girls League, has been working with the league on scripture readings. Mrs. Anita Labra has been heading the Offertory processions.

The feast of Our Lady of Guadalupe is a good example of the student participation and teacher leadership. There were beautiful altar decorations and some of our Spanish-American girls wore traditional Mexican costumes.

All in the religion department gave much of their time and effort to the liturgy. Students responded to these efforts, to make this year's liturgical program the best in a long time.

Government Day

Frankie Banks exchanges views with officers from other schools.

Any elected school officer worth his salt must ask himself sometimes, "Isn't there a better way?" One of the ways to try to answer that question is to exchange ideas, methods, and opinions with others who have the same problems that he has. That's what Government Days are for. The Government Day this year was well attended by other schools in the valley. They probably didn't discover the "best way", but perhaps some student body officers found a "better way."

Thanksgiving Projects

Nicki Schillhahn and Ginger Elias count numerous amounts of cans.

Students enjoy dance for a mere two cans full.

Three main projects were conducted for the public good last Thanksgiving. The Key Club held its annual canned goods drive, which went very well. As a new club, The Girls' League had its part in the spirit of giving, too. Each member was asked to bake a pumpkin pie which was donated to the St. Vincent de Paul dining room. They also gave of their time to serve there on Thanksgiving Day.

The Student Council of St. Mary's and other catholic high schools of Phoenix, sponsored a Thanksgiving Dance. Admission was two cans of food.

At the Thanksgiving Mass the Key Club acted as servers. But, in the formerly male position of the epistle readings, the Girls' League took over.

The chorus, Fr. Forrest, and the guitar players brightened up the Mass.

One bag of canned goods coming through. (Norma Godinez)

NHS Projects

Diane Ross, President of N.H.S., doesn't quite agree with fellow workers.

Scholarships are often associated with the National Honor Society, yet there is another side to the club, one of service.

To emphasize this, members of this year's organization adopted the men at the VA Hospital as their project. The idea was first brought up by Mr. Welch. Having been a veteran himself, Mr. Welch was aware of the needs of the veteran's hospitals. He felt that the students would benefit from the experience.

Student reactions to the project varied from, "I feel we're really accomplishing something there," to "It was great working at the hospital, but I think we could have done even more."

During the year, the club painted several rooms with the equipment supplied by the hospital. Not only did the rooms get a new look, but it gave the students and the patients a chance to meet one another.

Aside from painting, curtains were bought for the rooms. Money was raised through hot dog and ball-point pen sales.

Christmas Project

Chris Georges and Kim Ciani enjoy being with the kids at C.E.P. Center before Christmas.

It was a couple of days before Christmas, and all through the C.E.P. Centers you could hear the children say "It's Santa Claus."

Once again St. Mary's presented their Christmas program at, three day care centers, Wesley, Monroe, and Pius X.

This year the program brought a little extra entertainment to the day care centers as Miss Marie Smith's modern dance class performed along with pinata breaking, Christmas caroling and Santa Claus.

The children seemed to like the idea of an early Christmas for they could hardly wait for the real thing. The students hard work of collecting toys and candy aided in the children in a festive mood.

"I still say this is how you do it!"

"And what's your name?"

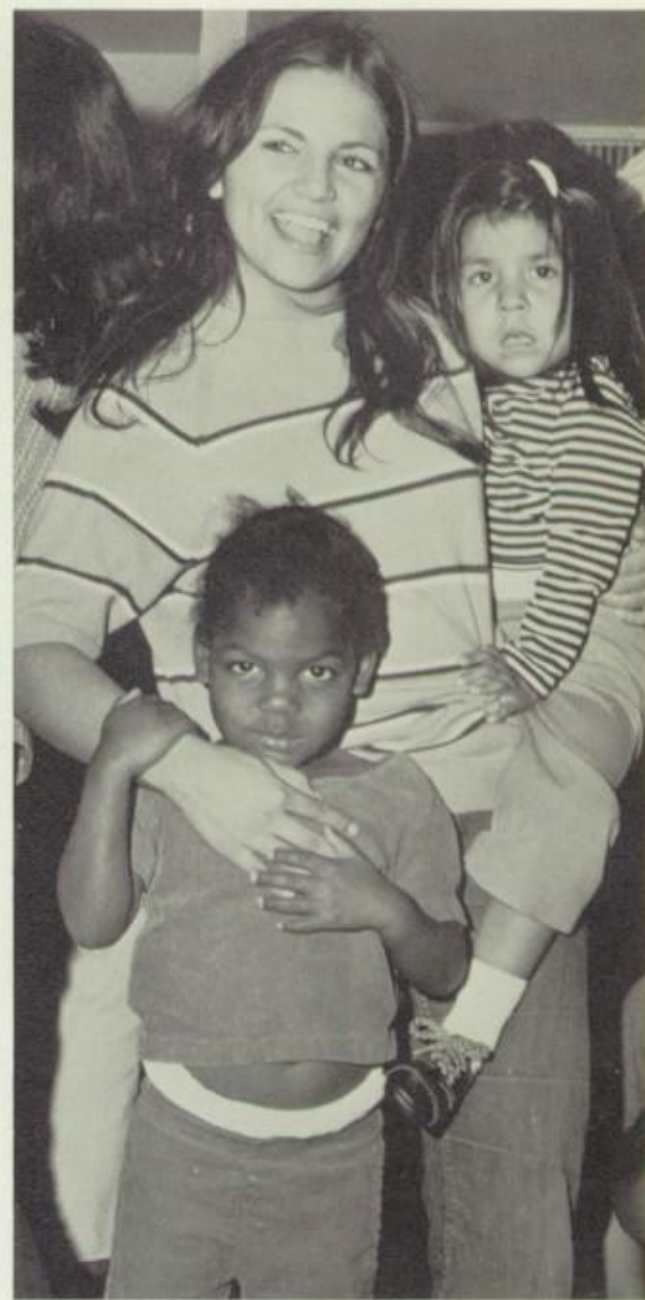

"Let's get together."

Chocolate Drive

Once again the big truck pulls up to St. Mary's gym and Father Lester calls out the Key Club troops to unload the goodies.

It is a formidable sight to see the barricade of chocolate that St. Mary's students have to transform into scholarships.

But they hand in their yellow slips and lug it away, looking for anyone with a sweet tooth and a little extra green.

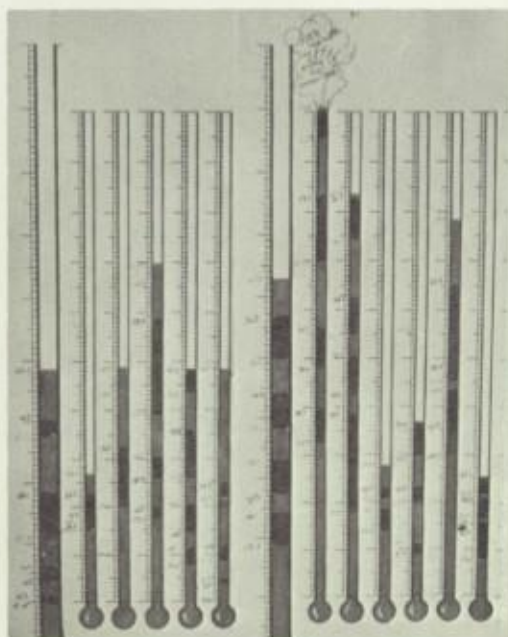

But you sure can't sell it by eating it. (Mike Martinez)

And you can't do it by sitting on it and drooling over the prizes. (Colleen Bootz)

You do it by getting out and selling it, like Homeroom #20, first one to make its quota; and like Sandy Work who won the prize, with thirteen and one half cartons sold.

Homecoming Prep

Kathy Spear and Betty Ward patch up a hole in the wall.

Homecoming preparations began long before the actual decorating began.

Committee co-heads met with Frankie Banks and Nicki Schillhahn over a month before the morning when they picked up their yards of crepe paper, thumb tacks, and two-by-fours.

Then students, clad in jeans and warm sweatshirts, began roles as painters, light-engineers, and construction crewmen as they turned the gym into a movie set and the field into a parking lot of old-time jalopies to complete the prepared plans for a roaring twenties Homecoming.

Poster Makers

Christina Hinojosa, learning the basic art of cutting class.

Michelangelo would be proud of you. (Steve Paul)

Posters are spirit symbols. They appear as if by magic before all the games. They show up on interior and exterior walls with surprising regularity.

But the posters don't get made by magic. And elves don't put them up. They are made by St. Mary's people, who are proud of the school and the team. They want others to be proud too. So they make posters to urge them to get out and support the team toward ever-new victories.

Some of these poster makers are the cheerleaders and pom pom girls. Others are the art students.

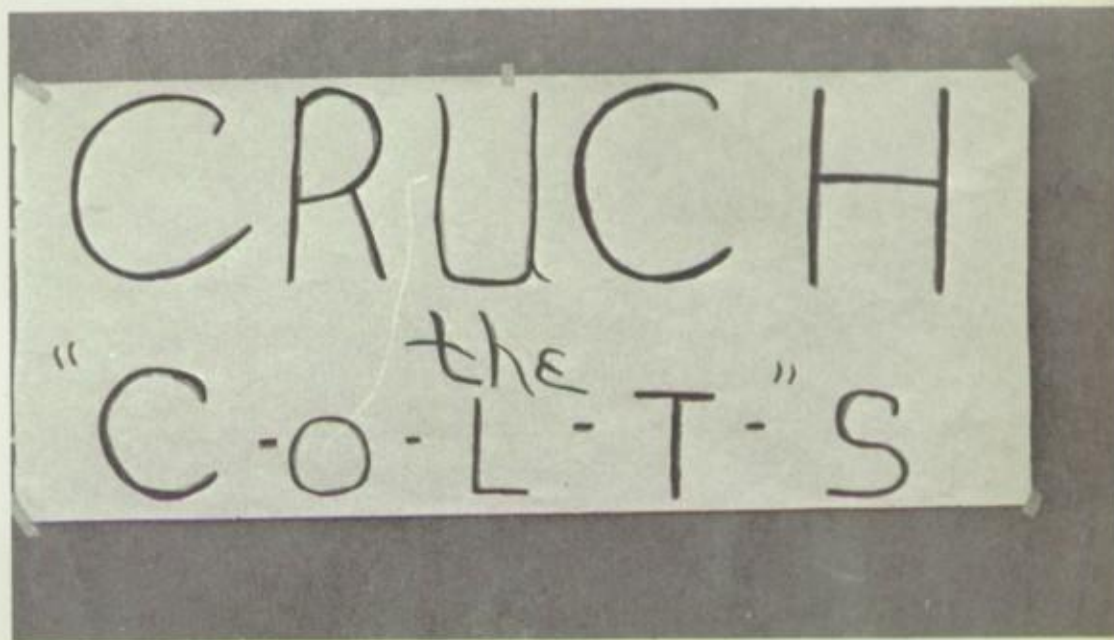

This year poster making has taken a new turn. Some students have devoted a lot of time to making banners of felt for the days when the entire student body attends Mass as a group.

Coach Lavin

1971!!! That year will no doubt stand out in Pat Lavin's mind as it produced a number of memorable events for him.

Among these can be listed his acquisition of the head football coaching position at St. Mary's, finishing the season with an overall record of 8-1-1, and being a recipient of the Phoenix Press Box Association's Crying Towel Award.

All of these would be worthy accomplishments in any coach's career, but to achieve them during the first year is quite a feat.

In talking about his first year as SM's head football coach, Coach Lavin felt that with the material he had, he and the team went a long way.

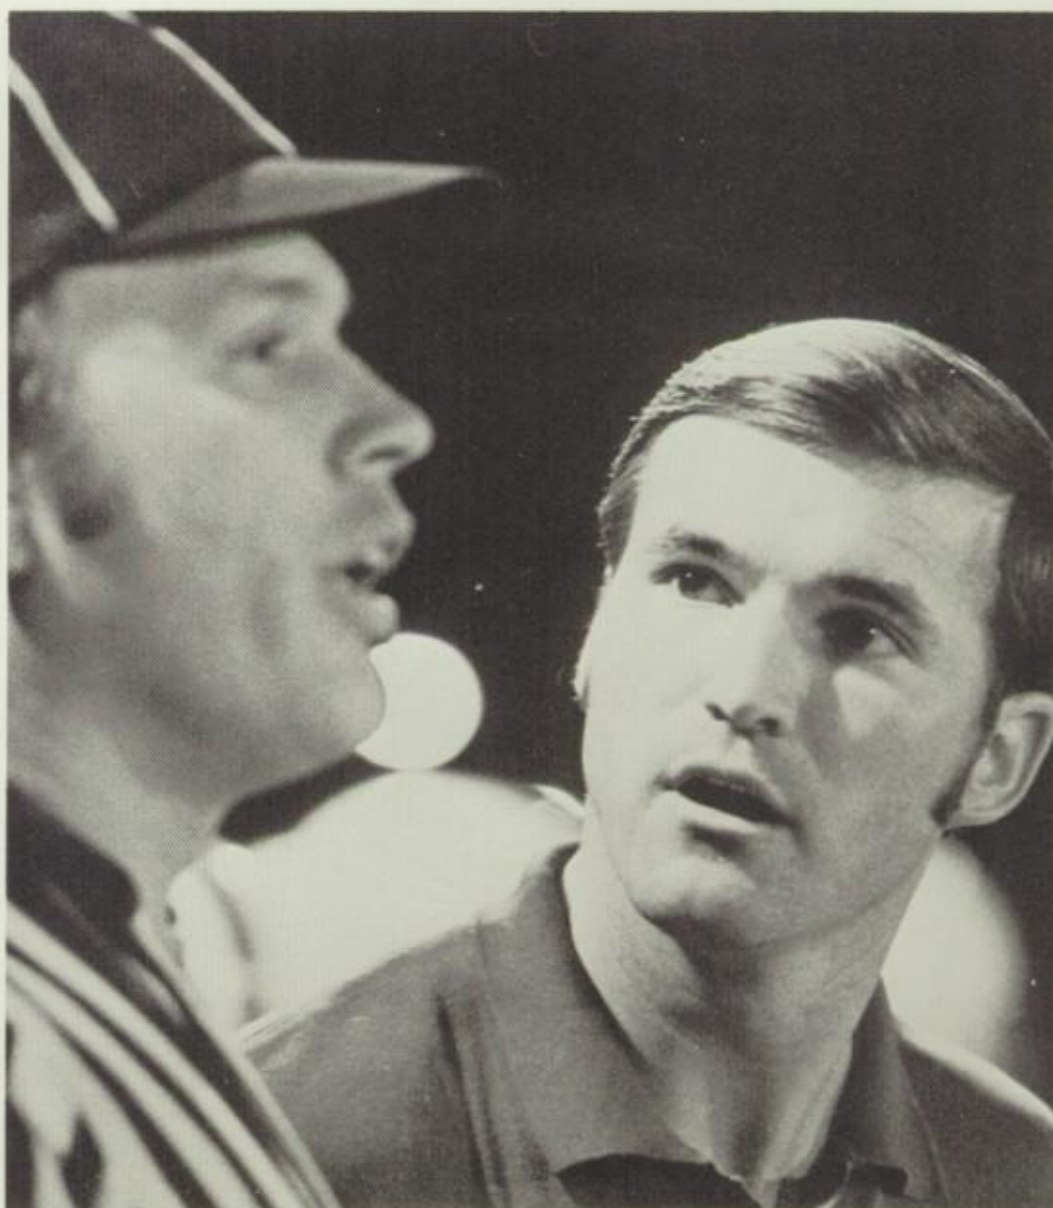

However, there was one disappointment. "After scoring 600 points, it seems unfair that a play-off berth depended on a two-point conversion in the Cortez game. Yet it was still a great year as far as I am concerned."

"Get your bodies movin,'" shouts Coach Lavin as trainer Horace Pieri looks on.

Coach Lavin poses with his Crying Towel Award.

"Is that in the rule book?"

The 1971 Football Season

The 1971 football season was like other seasons, in the same way one person is like another. But it was, nevertheless, a unique thing, just like every person in one-of-a-kind. It was a blend of high points, disasters, and strategy. Both those on the field and those in the stands, when they recall this season, will remember the high points. They will, for example, think of that long pass two seconds before half time, which sent Custer across the Brophy goal line and the Knights into the locker room ahead by seven big points. And they will think back on the defense, and how they stopped a sustained Brophy thrust on the two yard line with twenty five seconds to go. Then there was the pass-Baker to Hawbaker on fourth and fifteen, for the TD that tied P.U., with only fifteen seconds on the field clock. The South game was a high point too. Lopez, in his first start on varsity, picked up two hundred and five yards rushing, and South was shut out. So was Flagstaff, and on its home field, at that.

But a football season is usually bittersweet, and this season had its disasters as well as its high points. Labadie was injured in the Phoenix Union game, and rookie kicker Miller was under more pressure than a rookie ought to be; he missed the PAT—twice. Paradise Valley ran back the opening kick-off—96 yards. It wasn't fatal though. The stats show a minus seven yards rushing for Paradise Valley, if you discount the initial mishap. The Cortez game saw the Knights stopped cold at the two, for the full four downs. And the two point conversion that was supposed to put us in the win column didn't work. Another grim memory is that Moon Valley ran eight yards for a TD on its first play, and in the same game, Vince Garcia ran eighty eight yards for nothing, because he moved too soon in the backfield.

And finally, there were a few things in the 1971 season you don't see every season; things like Matt Smith, a center, scooping up a fumble and thundering twenty five yards for a TD. And Dave Canteleme, a tackle, doing the same thing, give or take a few yards. The intentional safety gambit was used to good effect twice, against a surprised Brophy and a less surprised Moon Valley.

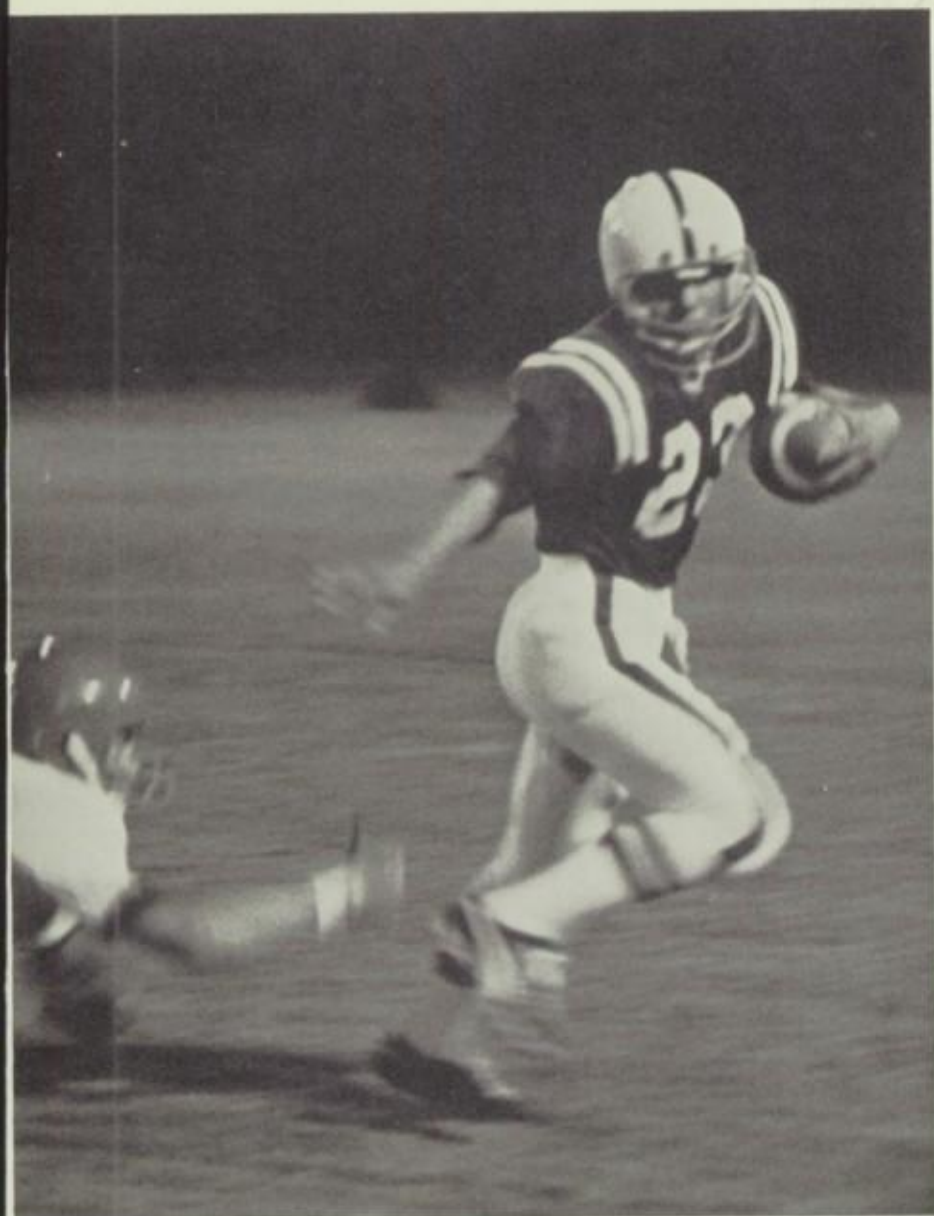

It was Coach Lavin's first season as head coach, and it was a memorable one. Hopefully the following pictures will help jog a few of those memories.

Tom Baker eludes two defenders for a good gain.

Coach Paul Goebel, Coach of the Year, (Skyline Division).

Skyline Division Champions

Basketball is not a sissy game, as some people say. Instead it is a lot of hard work, at least at St. Mary's. At the end of the basketball season, fragments of the Varsity team and hopefuls of the Junior Varsity start to work out for next year's season. The reason for the hard work is that St. Mary's is a small school, consisting of about 600 to 700 students and out of this number only 250 to 300 are boys eligible to play basketball, while other schools usually have 700 or more to choose from.

Another fact is that basketball at St. Mary's has not always been popular. Reasons for this are that the height, strength and number of the other schools leave St. Mary's far behind. As a result, St. Mary's has to work on plays and discipline to develop skills and speed against their adversaries. This has been shown in the last three years, under the direction of Coach Paul Goebel, but has come to the surface this year.

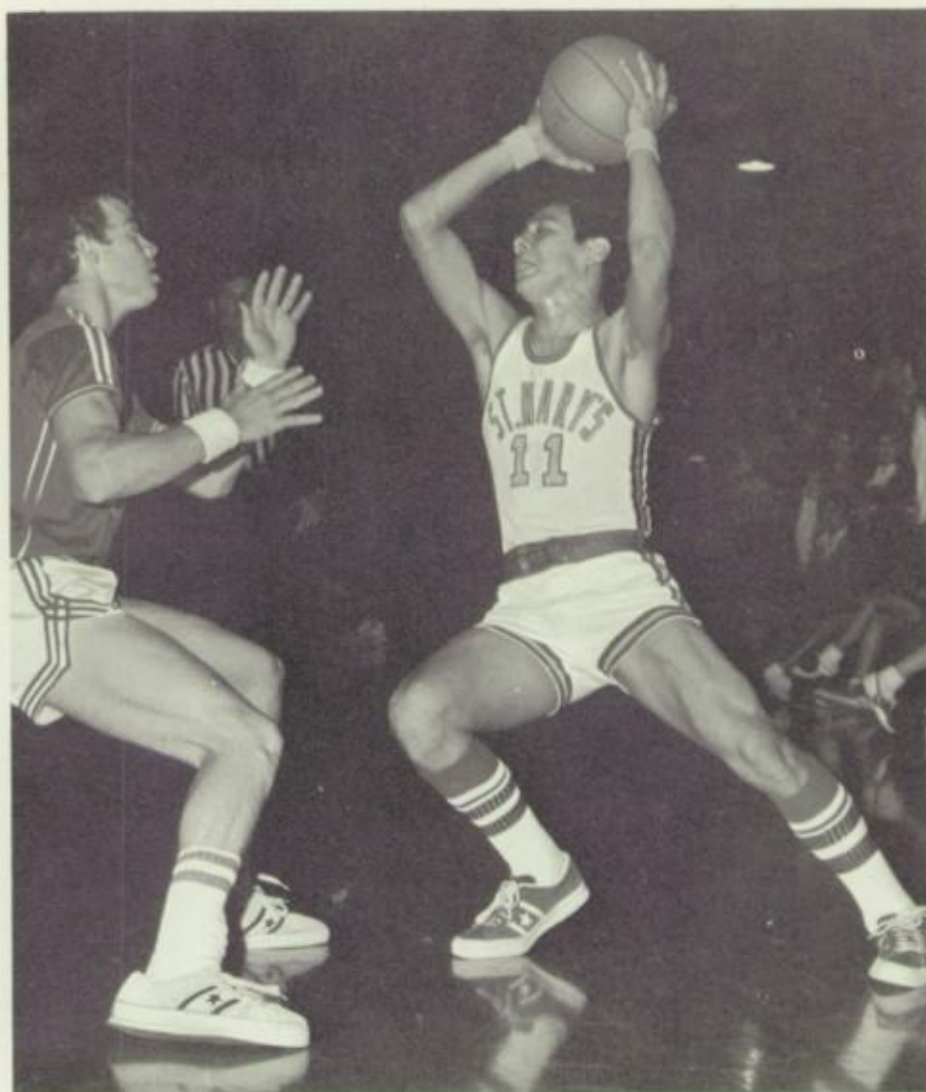

He led the knights not only to a skyline Championship but to a chance in the State Tournament. Also for the first time this year, the Knights beat Prescott and Glendale on their own home courts.

Coach Goebel, because of his successful season (19 wins and 7 losses) and his brilliant coaching was elected "Coach of the Year of the Skyline Division", by the very coaches he played against.

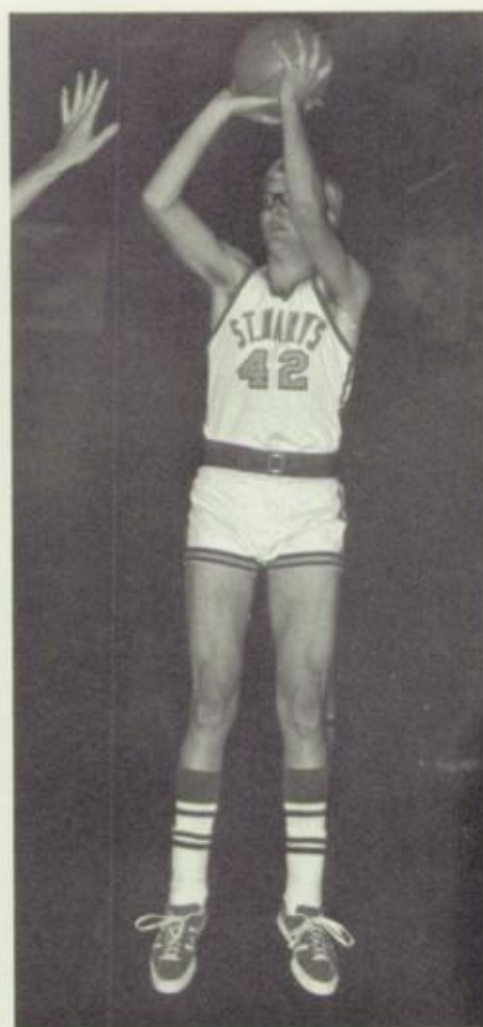

The Knights also took third place in the Brophy Christmas Tournament, by beating out two tough teams from the Central Division, McClintock and Tempe. This was accomplished through the efforts of Tommy Ruiz averaging 13 points, and Peter Fredlake averaging 14 points a game. Larry Weaver, who was injured before the Christmas Tournament, came back for the rest of the season with an average of 16 points a game.

They played so well, that Tommy Ruiz was chosen for the first team of the Skyline Division and also elected by the Arizona Republic for All Divisions' First Team. Peter Fredlake and Larry Weaver also were honored as they were placed on the second string team of the Skyline Division.

St. Mary's can look forward to more successful seasons, because the coaching of Coach Goebel has aroused a new interest in basketball, not only for the players, but for the enthusiastic student body. Perhaps in the not too distant future, basketball at St. Mary's will be regarded with the same esteem as football.

Both varsity and freshman teams were teams to be proud of. This goes to show that girls also have what it takes to make it in sports.

IT TAKES SENIORS . . .

Class of Seventy-Two

When the class of 1972 entered St. Mary's they numbered just over two hundred and were considered quite hopeless. They were thought to be unruly, unspirited and very unorganized! The rest of the school often considered them a lost cause.

Four years has seen a definite change in this hopeless group of kids. The class has only a hundred and fifty-one left, but they have matured from the scrawny roughnecks of freshman year. Leaders of the caliber to get things done and followers who support the class and are willing to give all they've got have emerged.

These graduating adults have a special feeling about St. Mary's, because they have been a family, struggling to make a good name for themselves and to change a reputation that began during the first few months of high school.

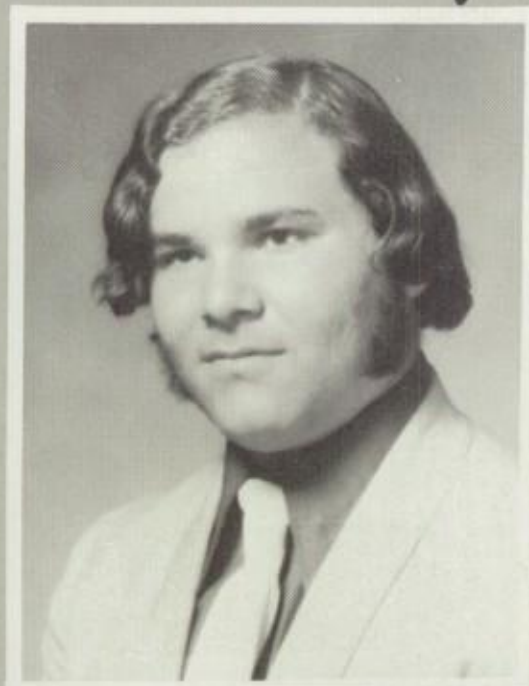

The school year for 1971-72 has been a smooth year, thanks to the Seniors. Not that SM is a school endangered by riots, robberies, or muggings, but rather they have worked to strengthen the character of S.M., instilling unity and spirit among themselves and the rest of the student body.

Citizens Of The Month

Each year St. Mary's students elect nine Citizens of the Month—nine students whom they believe to be outstanding in the participation and involvement in school activities.

From these few, one student is chosen to represent the school as the Citizen of the Year.

Citizens of the Month are nominated and elected by the homerooms. They are chosen on a basis of activity, responsibility and personal contribution to the school.

Citizens of the Month and the Citizen of the year not only receive this recognition from their fellow students, but win the much deserved respect of many.

Robert Griffin - Citizen of the year and September Citizen of the Month.

Robert Griffin holds a stance.

Last year's Homecoming Queen Lorraine Gomez escorted by Leo Chavez

The idea was clever. Each couple was preceded by a boy carrying a picture of a 1920 car inscribed with the name of the princess.

The princesses all were beautifully gowned, and each was wearing a very excited, nervous smile.

Edgy parents, friends and neighbors waited as the '71 Homecoming candidates walked onto the field. Everyone awaited the announcing of the winner! Then, a brief moment of silence and the stadium roared, Norma Godinez has won; screams, streamers and gasps. That was the Knight's emotion!

From princess to queen, in one glorious night.

Sighs of relief and cheers of happiness are heard as Norma Godinez is announced "1971 Homecoming Queen."

Kim Ciani congratulates Norma on her success.

Nicki Schillhahn, homecoming head, with escorts Greg Pentkowski (left) and Fred Rael (right).

Nicki awards Norma with roses.

Christmas Dance

The lights were set low and the band was playing loud. People began to arrive and Santa appeared with his helpers. This was the setting for the '71 Christmas Dance.

Couples began to dance and the room was filled slowly. A night to remember. How could you forget?

Everyone felt the Christmas spirit; mistletoe was hung everywhere. Just where you wanted it. Rudolf the Red-nosed Reindeer had a reserved seat at the foot of the stairs and Santa and the Mrs. made sure he didn't get into any trouble.

It was a lively night. Expectations of the coming Christmas were evident. Happiness! Being together! Just having fun. Then the lights went on. The music stopped and people left, but the spirit of Christmas was still there! A night to remember.

Mr. and Mrs. Santa Claus take time to hear confessions.

Jonna Keck and Carol Burch work on decorations for the Christmas dance.

Santa and his helper decide to swing.

Dominic and Felicia Palumbo keep their wishes all in the family.

Put your right foot in . . .

Togetherness.

Smile!

"Even the guys at SM have Sweethearts."

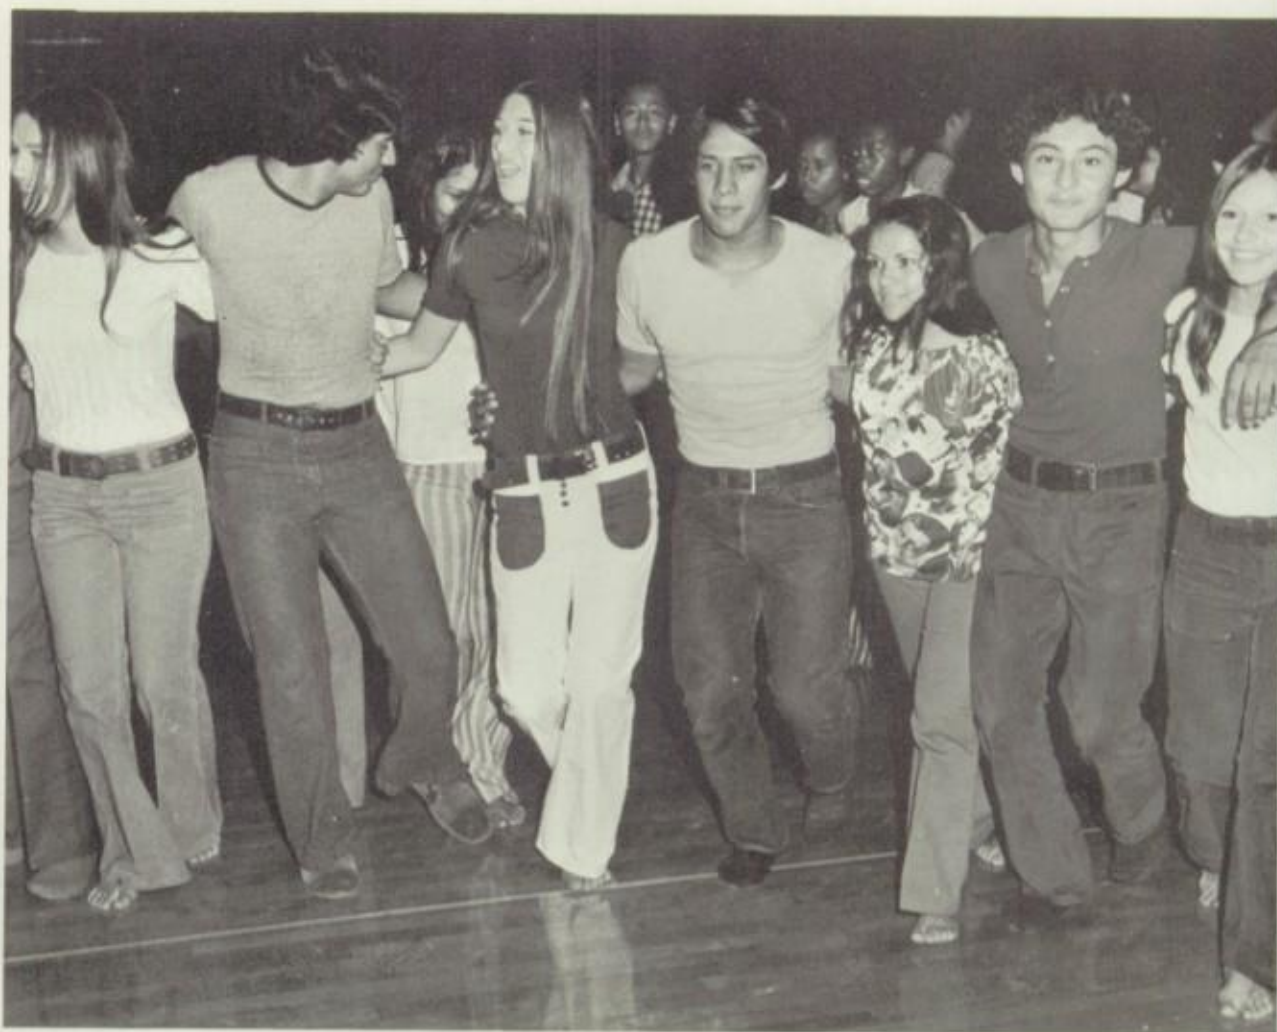

Yep, Cupid has helpers too.

Dances

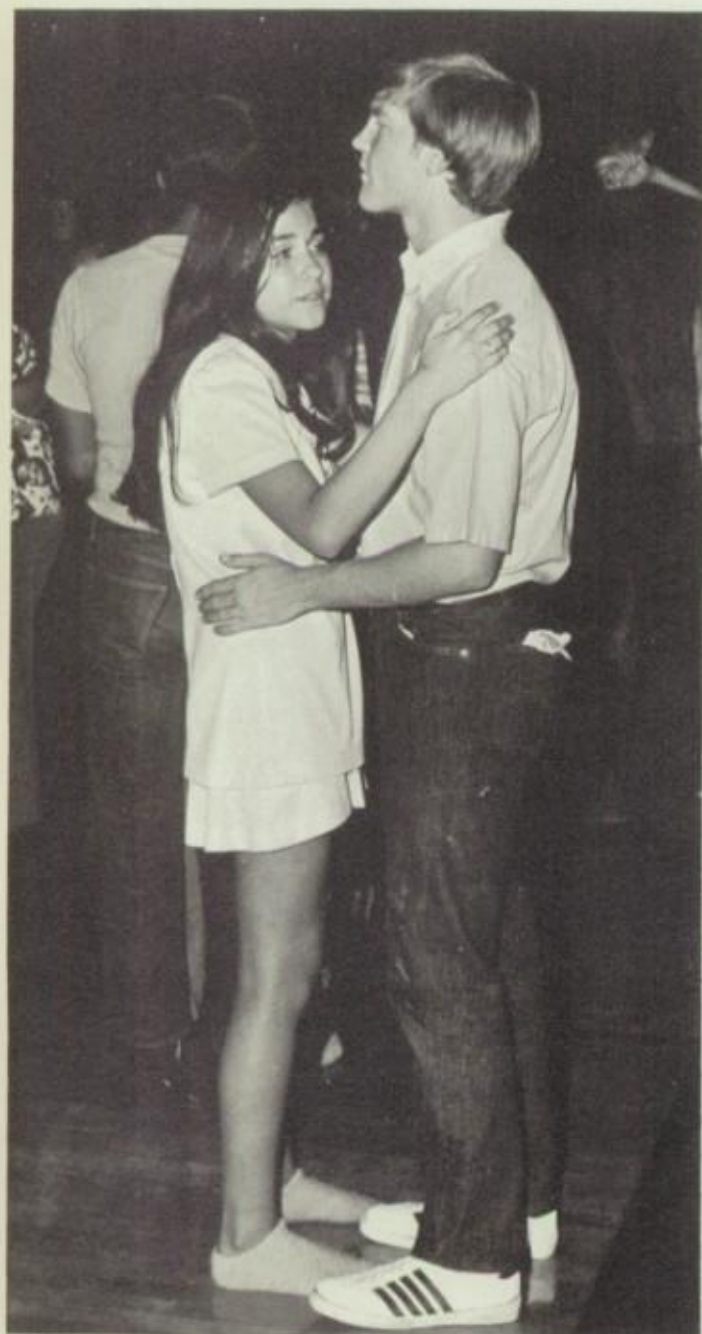

During the year 1971-72 SM has improved in the quality of its dances. Bands like Music Formula, Soul on Ice, and Ebony have helped to draw more crowds to the regular Friday night jam session.

The important dances like the Sweetheart, Homecoming, and Christmas dances had the largest increase in attendance. The bands were exceptionally good.

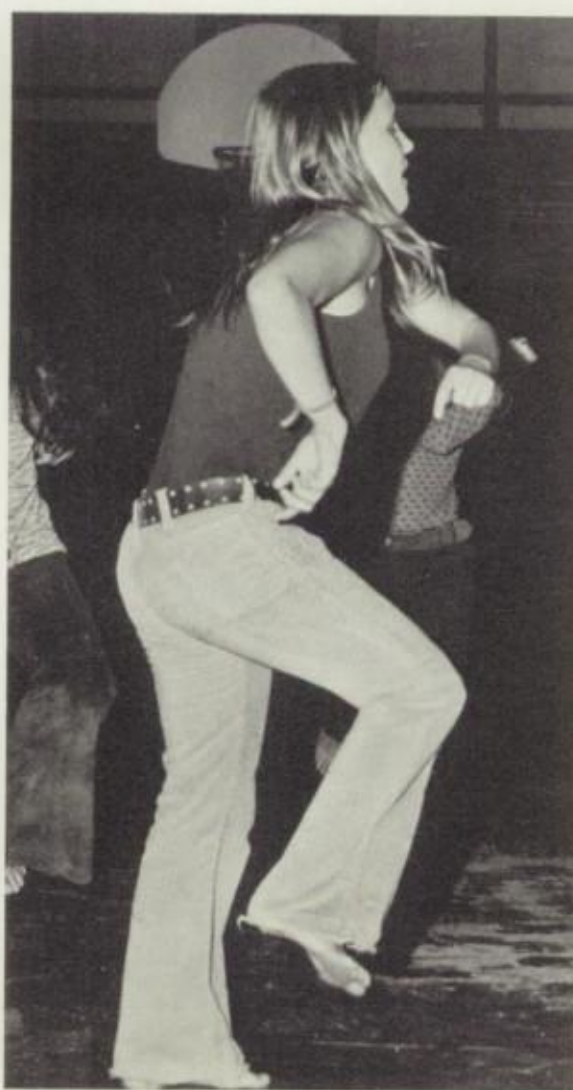

More couples have attended the dances this year than any previous year. And there is always the familiar faces who seem to attend every function the school sponsors. Hopefully, SM students are taking more pride in their school.

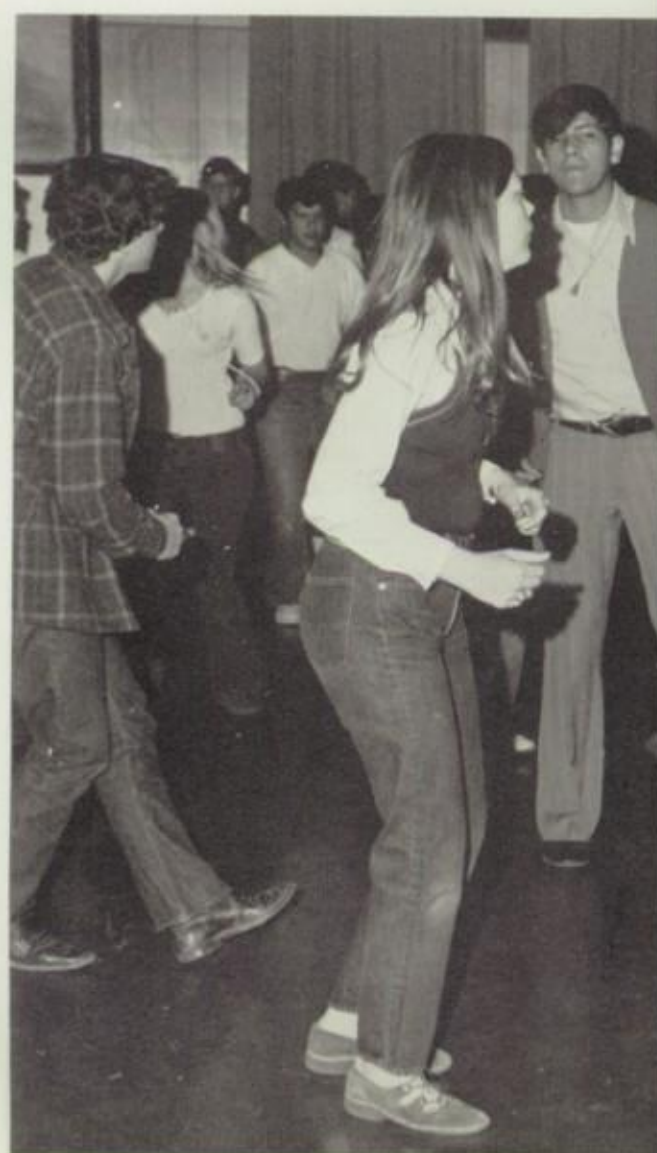

Here we come. . .

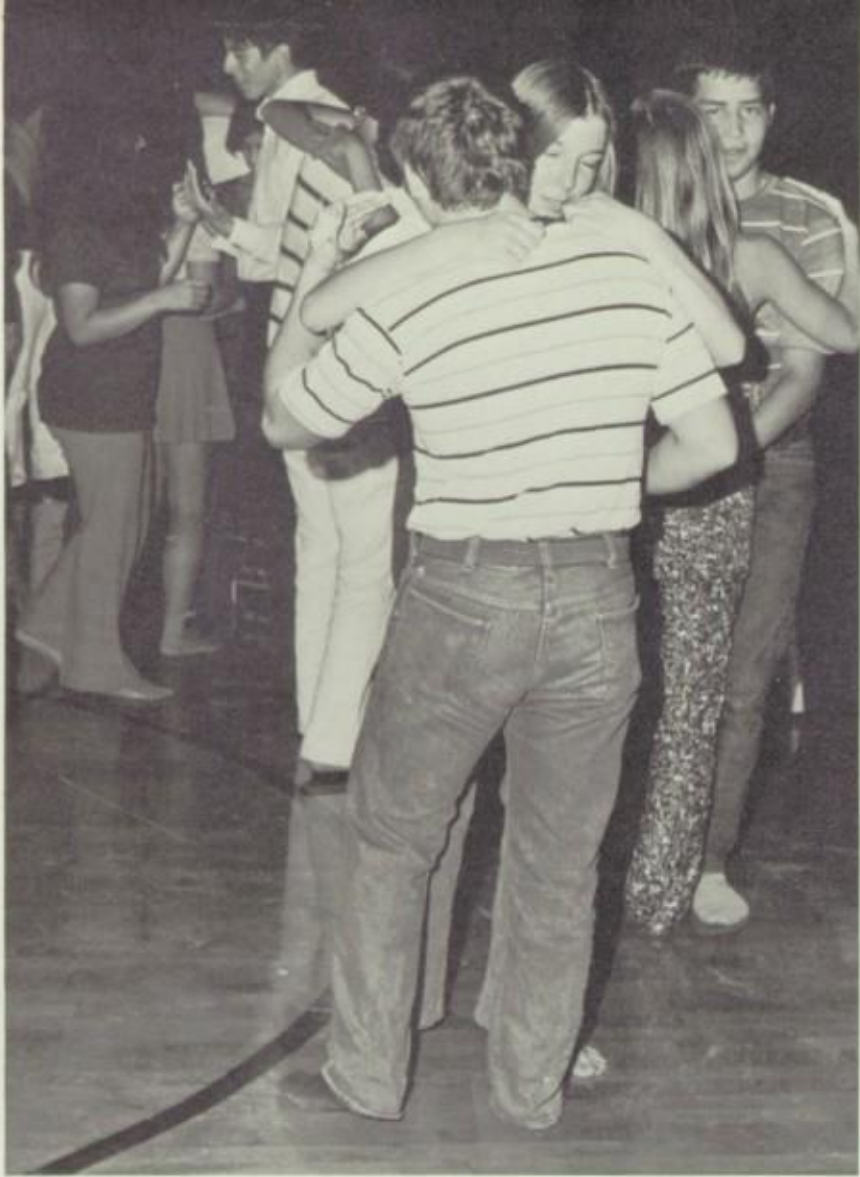

I wonder what he's thinking? (Rita Castillo and Jim Hegarty.)

These ants are getting to me. (Karen Roberts)

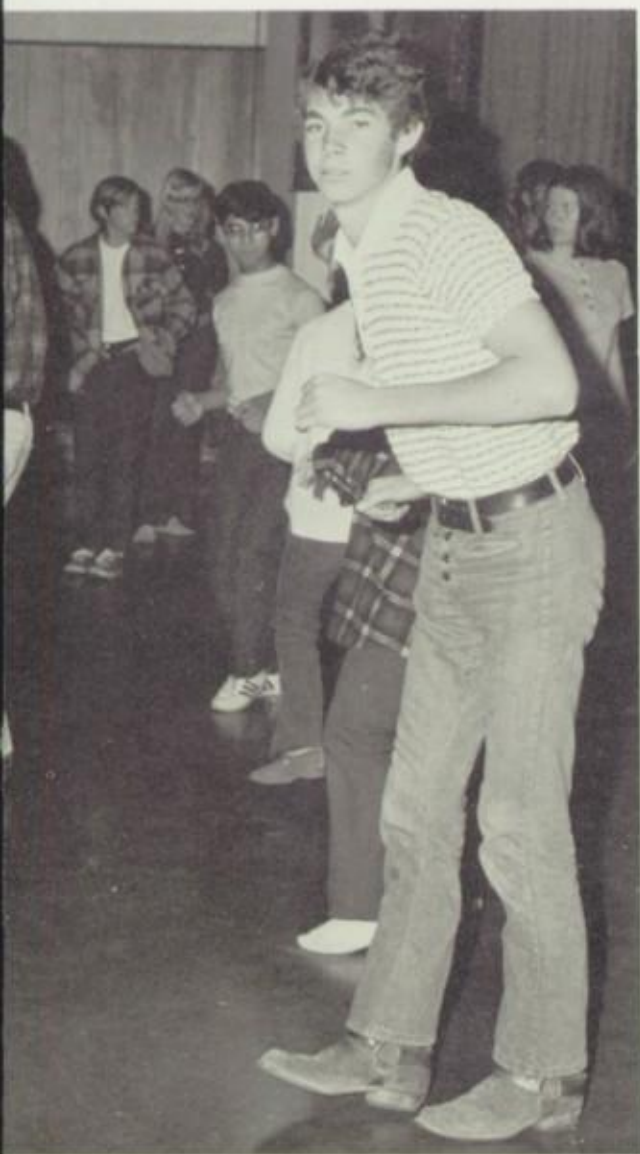

I told you we were being watched. (Nicki Shillhahn and Robert Walsh)

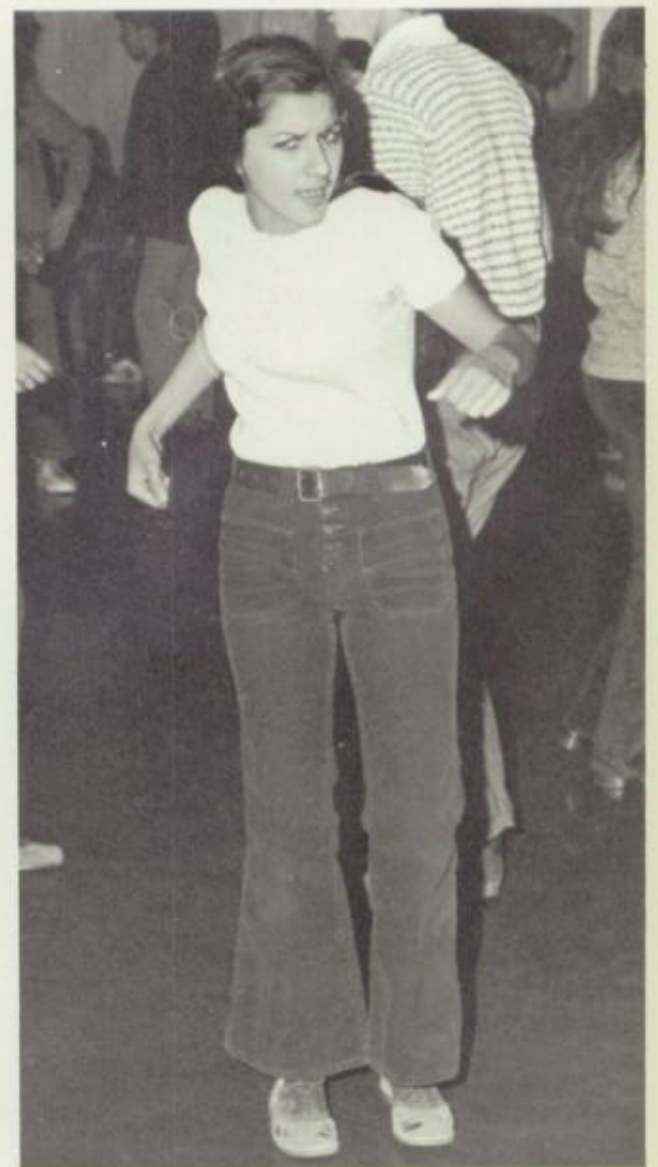

Put your head on my shoulder. (Michele Orzel)

Woosh!

The closer you get...

Was it two to the right or three to the left? (Elizabeth Fierro)

Big Sister, Little Sister Slumber Party

The Agony and the Ecstasy.

Model Seniors as Senior Models.

The Senior girls' plans to have something different for the Big Sister, Little Sister annual event came to life on the night of October 16. Little sleep was done as Senior and Freshman girls gathered in the gym for an all out slumber party.

During the course of the evening the gym floor was turned into a crowded playing field for football, basketball, volleyball and twister. Upstairs, a feast of pop, potato chips, cookies, cakes and candies awaited the attack.

The highlight of the evening was "The Sexiest Pajamas Contest" in which the freshmen modeled their sleeping attire for the seniors. Crystle Clark, wearing a hot pink lounge outfit, was declared the winner and crowned with a chain of pull rings from the coke cans.

Is this supposed to be a pyramid?

Pretty maidens all in a row.

"My gosh, what a mess!"

Oops, there goes the strap! (Kim Ciani)

Skits

Letterman initiate Frank Gortarez "practices" pom routine with Margaret Hanson on the left and Trisha Kirn on the right.

During the school year of 1971-1972 the skits were accepted by a very enthusiastic student body. The performers in the skits had to have courage to present them in front of the student body.

The funniest and most interesting skit was performed by the sophomores. They proved that with a little determination, a few sheets and old clothing, you can create a skit that all will enjoy.

There was also a skit with the lettermen's initiates as pom-pon girls, and it was very successful. Everyone seemed to like it and the boys were "well" co-ordinated.

Hopefully, the skits of the future years will continue in this manner.

Modern Dance performers Trisha Kirn, Leila Szaiter, Barbara Bovee, and Margaret Killcullen perform at assembly.

"Say cheese."

Bill Labadie takes a hopefully lucky swing at the pinata during an assembly.

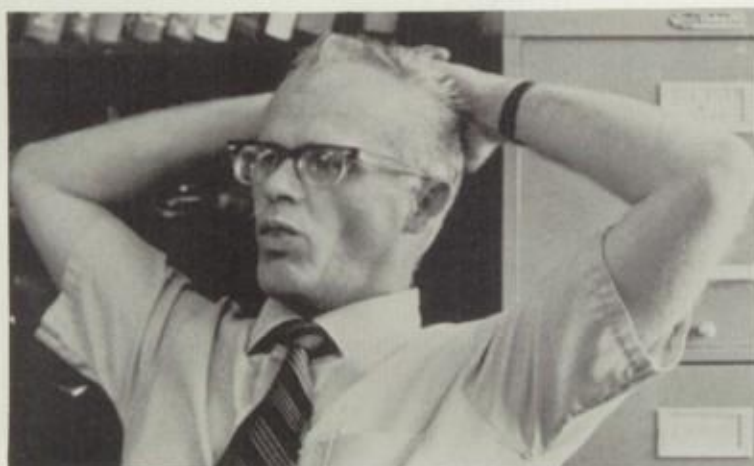

Freshmen add their two bits in promoting spirit.

Sophomore girls do their stuff.

Who are those new Pom Pon members?

IT TAKES ORGANIZERS . . .

Father Joel

Father Joel Scott, Principal

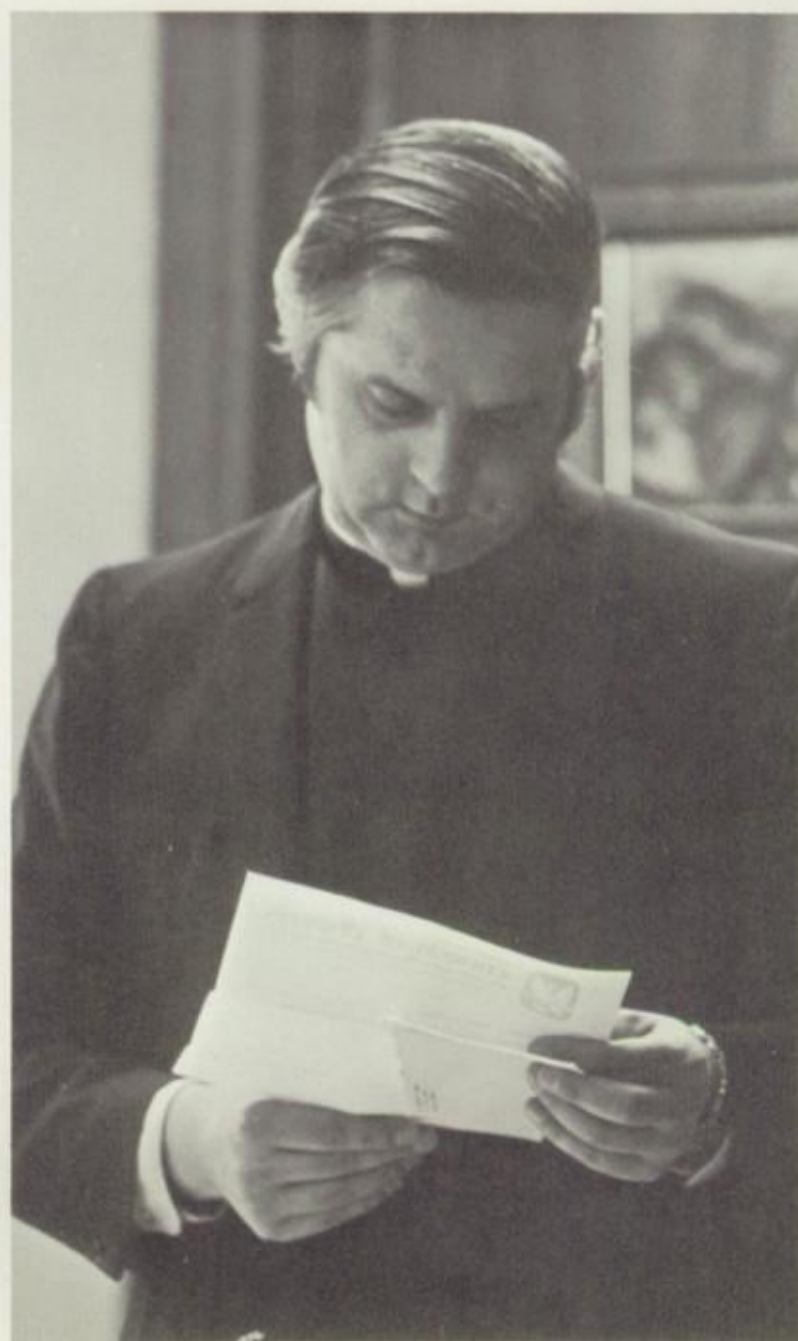

Mike Casas has a note handed to him.

Fr. Joel has had a long association with SM, dating as far back as his years at St. Mary's grade school.

He was to later return in the fall of 1964 to become St. Mary's principal. Since his stay at St. Mary's has been extraordinarily long, he has had an opportunity to see a number of changes.

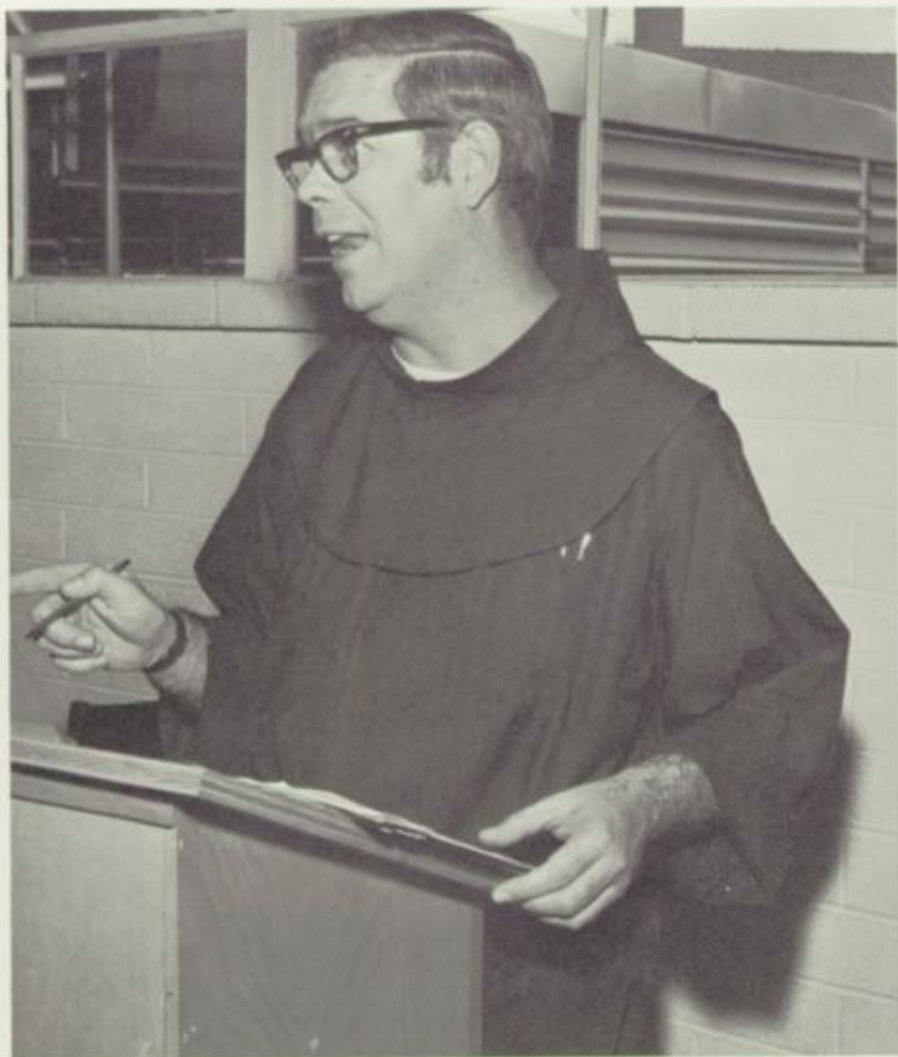

Physically, SM hasn't changed much. The students have remained basically the same, although many are now concerned with social issues. St. Mary's teachers have always been concerned with their students and remain so today. One of the more remarkable changes has been an increase in the personal pride each student takes in SM.

Yet perhaps Fr. Joel said it best, "St. Mary's isn't a principal. It's a school, it's the students, parents, and teachers. The one thing that I would hope that SM would keep is its pride and spirit."

Pondering over a letter.

Fr. Lester And Sr. Mary Louise.

Fr. Lester explains his ideas to his class.

Sister Mary Louise takes break to pose for picture.

Posing patiently.

It takes much more than just one man to run a school. A principal needs people who understand how a school works and how to run it.

Father Joel has two such assistants, both of whom are familiar faces on campus. Father Lester and Sister Mary Louise, both have their say in the running of S.M. as associate principals.

Father Lester who has been at St. Mary's for five years, often sits in proxy for Father Joel when he is away. His duties include his membership on the administrative board and the disciplinary board. Besides his other school involvements, which are Key Club moderator, Religion department head, and Senate moderator.

This has been Sister Mary Louise's first year as a member of the faculty. As director of studies she has described it as a period of listening and looking to see what changes are needed to keep St. Mary's moving ahead in the field of education.

Sister is all smiles.

Deans

"You are late." (Miss Echenique, Dean of Girls).

Mr. Koenigs, Dean of Boys.

Okay, now try two plus two.

Miss Echenique, Dean of Girls, has been at St. Mary's for 23 dedicated years. In these years she has helped a number of students get through school. Besides taking care of problems such as too short skirts, non-matching shoes, and socks and the conduct of the girls in uniform both on and off campus, she counsels students with problems, both emotional and school-oriented.

She is also the moderator of the Pom Pon line and teaches Spanish. She says she liked teaching and wouldn't have been in the racket as long as she has, if she didn't enjoy working with kids.

Mr. Koenigs has been at St. Mary's for 6 years and has served as Dean of Boys for 3 of these years. Whenever you see kids who are laughing and talking, he is usually in the middle of the crowd. The boys seem to like to take their problems to Coach Koenigs and his office is always full.

Besides being the Dean of Boys, he also teaches Geometry. Mr. Koenigs said he came to St. Mary's because he liked the students and faculty.

Hard at work.

Workers

Mr. Horace Pieri: trainer, head gym custodian.

Mr. Salvador Crus, gym custodian.

Mrs. Elias: attendance recorder.
Mrs. Cotter: Father Joel's secretary.

Mrs. Hazel Cossell: counselor

Mr. McIntyre: School custodian.

Mrs. Woodhouse: school accountant.

Parent's Club

President Mr. Jim Pentkowski
 Vice-President Mr. Tony Vincente
 Treasurer Mrs. David Rodriguez
 Secretary Mrs. Paul Walsh
 Board Mrs. Classie Gantt
 Mr. Chuck Fredrich
 Mr. Tom Stuart

"Daddy, where do St. Mary's students come from?" "Why from parents, of course, son!"

Most of us don't look at origins too often. And we're content to look at the chassis without inspecting the engine. But the parents of St. Mary's students really do make St. Mary's go, even though they work behind the scenes. The Parent's Club is a club with one goal-the proper education of their children. To this end they raise scholarship money with an annual "Las Vegas Nite", and they keep abreast of school and community developments with quarterly meetings.

The first Parent's Club meeting brought a good turn out.

"And you can autograph a blank check too, if you like."

"Well Mrs. Georges, parents and principals have a lot of problems in common." (Fr. Joel)

Dad's Club

The Dad's Club is run by President Joe Romero. The other officers of the Dad's Club are: Robert Schmidt, as the 1st Vice-President and Dick Spear as the 2nd Vice-President. The guard or Sergeant-At-Arms is Oscar Ruiz. The treasurer's and secretary's positions are filled by Art Sampson and Henry Tarazon, respectively. The moderator is a well known man around school. None other than our own Fr. Joel.

The Chairmen of the various committees of the Dad's Club are: Charles Fredrich, Athletic, Frank Bovine and Fred Work double on Bingo, and Ralph Rojas heads Lunch.

It controls and moderates the bingo games, helps the athletic program as ticket takers at the games and dances, and raises money sponsoring steak dinners. The purpose of their club is to help St. Mary's by getting the Dads interested in the school and getting them to participate in school affairs.

Tell Mr. Earp we've got one waiting when he finishes at the O.K. Corral.

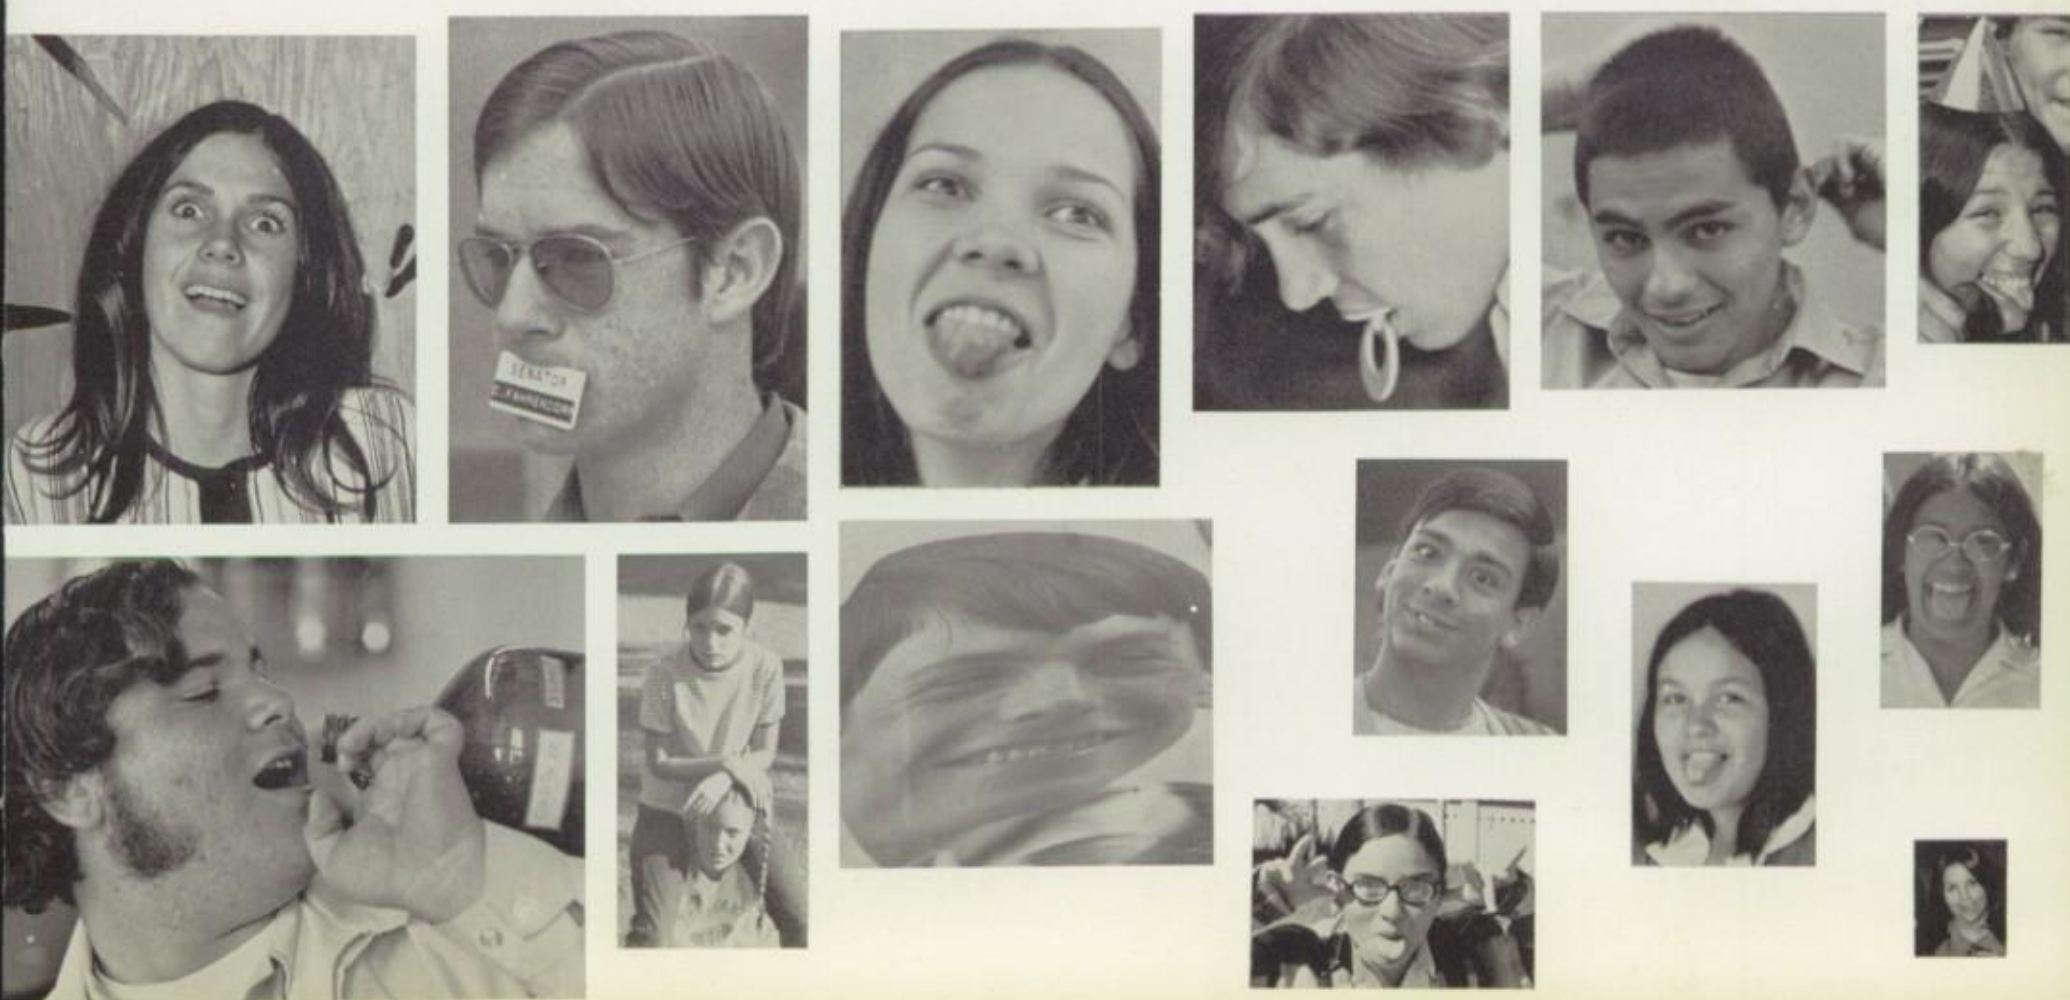

Move along-you can come back for seconds!

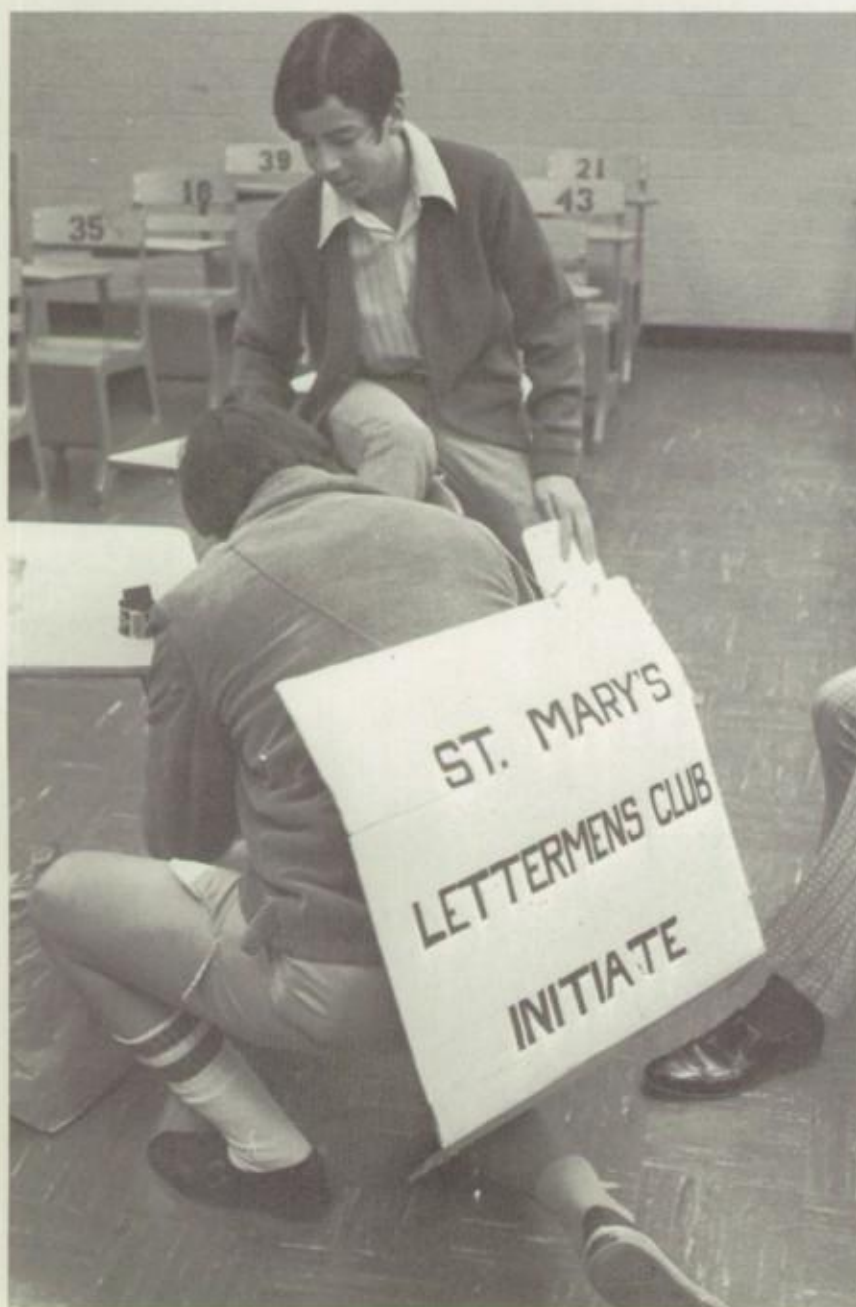

IT EVEN TAKES CLOWNS...

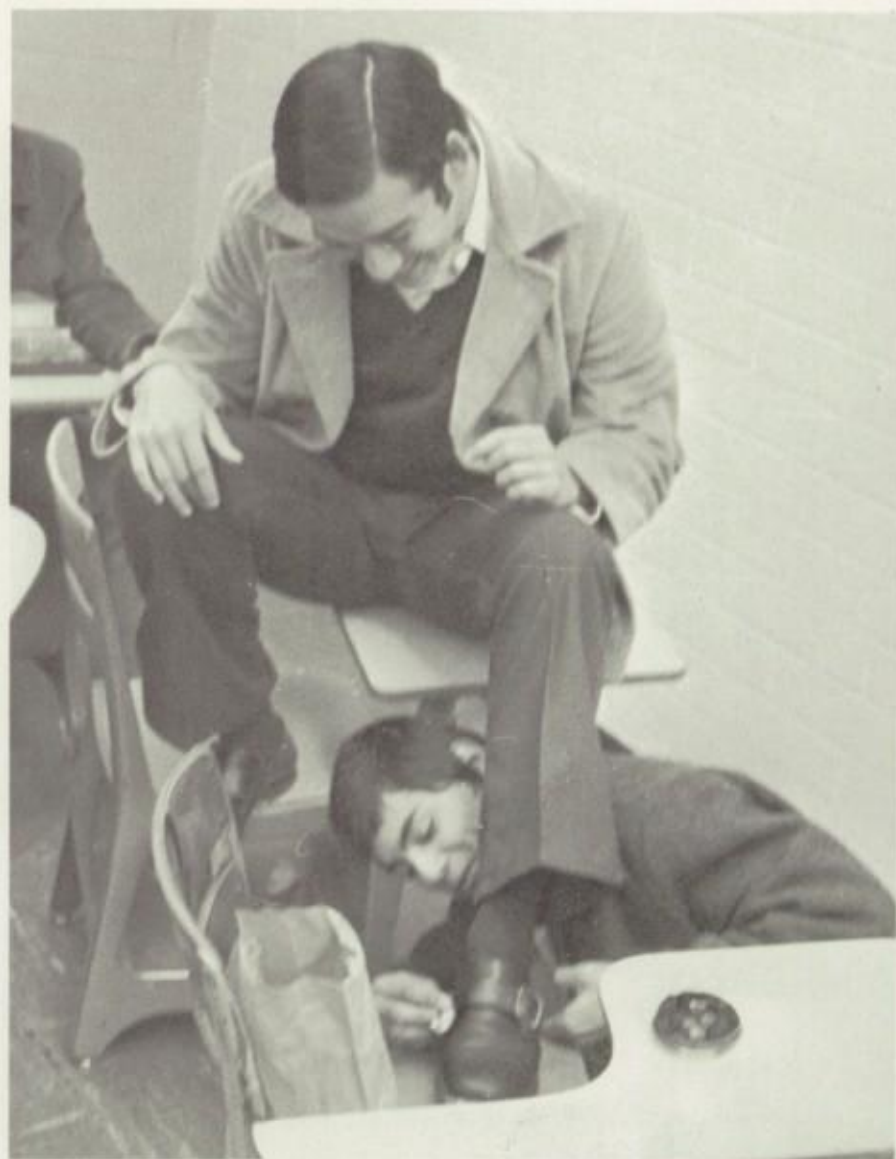

Lettermen Initiation

You missed a spot. (Bob Griffin and Ronnie Rodriguez)

How do you work these things? (Mike Martinez)

Over the river and through the woods to Grandmother's house we go. (Dan Cordova and Andy Hinojos)

There has long been a tradition at St. Mary's of her athletes to have very high standards both on and off the field. Those boys who have proven themselves worthy, are eligible to become members of the Lettermen's Club.

Once a year, these boys are up for initiation and are at the mercy of the standing Lettermen. During that week they must come dressed in all modes of attire. By the end of the week they must have collected five dollars from their shoe shining at school.

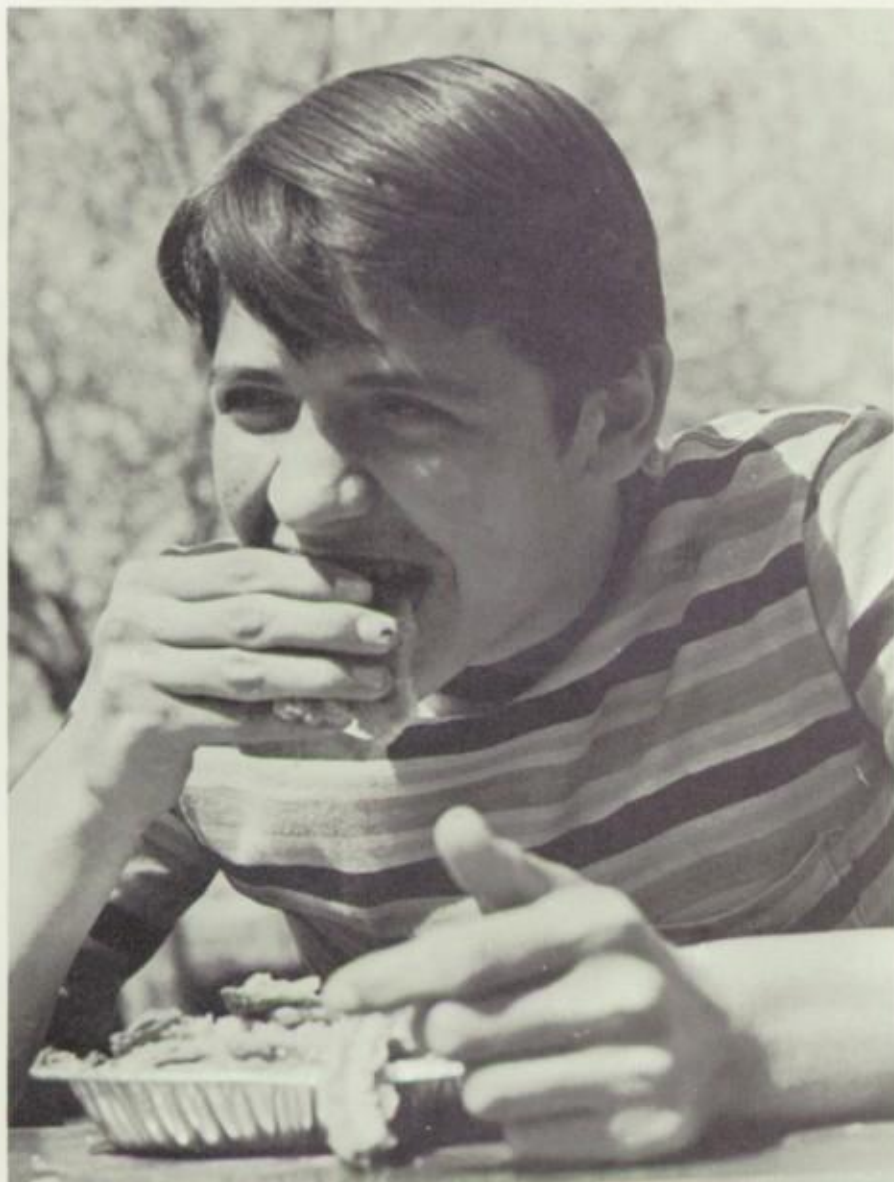

This year, on the final day of initiation, all of the hopefuls were made to dance with the Pom line during an assembly.

The boys you see walking around campus in green sweaters or jackets with a block "SM" have been through it - on the practice field and off.

Coach Sanford introduces the Lettermen pom line.

Rodeo Week

"It is with a gulp and not with a nibble that you win this kind of thing, Valerio Sandoval."

This year during Rodeo Week, March 6-10, S.M. experienced a change in the regular format. Instead of the mock shoot-out to close the week, a pie-eating contest was substituted.

Six contestants from each class were selected and competed for the title of class champion Pig. People around the area were shouting encouragement to the candidate of their choice. At the end of the contest, the winners were John Campbell, Freshmen class champ, Bruce Grambley, Sophomore class, Mike Roddy, Junior class, and Robert Griffin, Senior class champ.

As usual the senior class was allowed to come out of uniform for that week and the lower classmen were out on Thursday. Unfortunately, school was cancelled on Friday due to the Rodeo Parade starting outside of the classrooms.

Bruce Grambley and Diane Otter obviously volunteer with something less than enthusiasm.

It's not often that city folks like us get to watch hogs at the trough!

Powder Puff

Blockers lead as Betty Duarte carries the ball.

One Sunday afternoon, a quiet Coronado Park became the stadium for the renewal of the Powder Puff Bowl.

At 1:00 p.m. the kick-off started with the Sophomore girls receiving and the Senior girls defending. The seniors dumped the sophomores with a score of 14-0. The game in which the Juniors and the Freshmen battled it out, ended with the Juniors in the lead.

The seniors and the juniors then fought it out for the championship of school. The game ended in a tie, neither side with a score, and some mighty sore players.

But the Powder Puff Bowl had not yet ended. The Seniors were to represent our school in the game against Xavier. St. Mary's Knights played with pride and skill as they tromped on Xavier 6-0.

We hope that the girls will continue in this fashion and represent St. Mary's in the future.

"Where is the ball?"

Freshmen defenders charge the Junior quarterback, Amy Patterson.

Annette Rodriguez pours it on.

Defenders close in as Irene Valle carries.

Players line up as the center prepares to snap the ball.

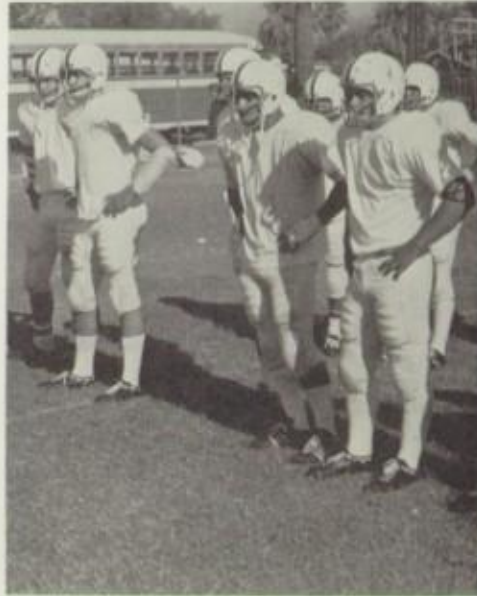

Annette Rodriguez carries, with Amy Patterson close on her heel.

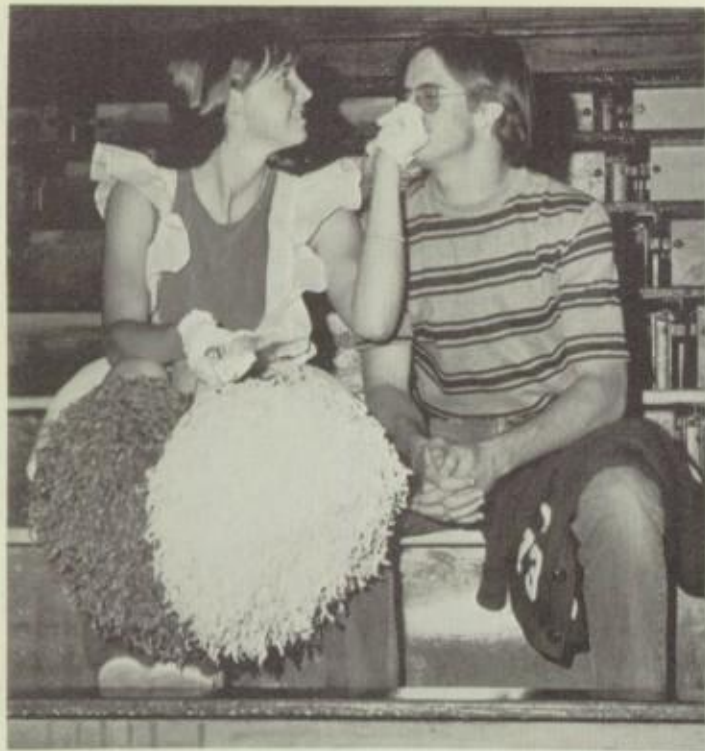

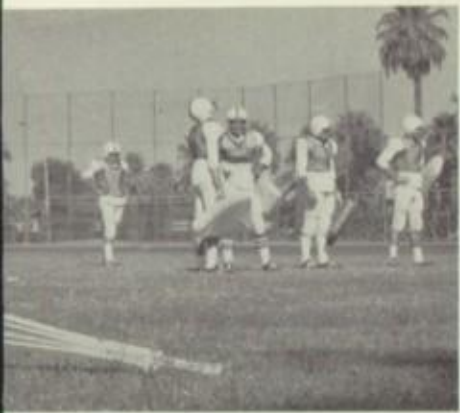

Esther Bustillos blocks for Letitia Ingallina.

*Without a breeze...leaves would have no life
Without a sun...flowers would never grow
Without the trees...birds would have no home*

Nature has been good to us. She has blessed America with the natural resources so necessary to make a country great.

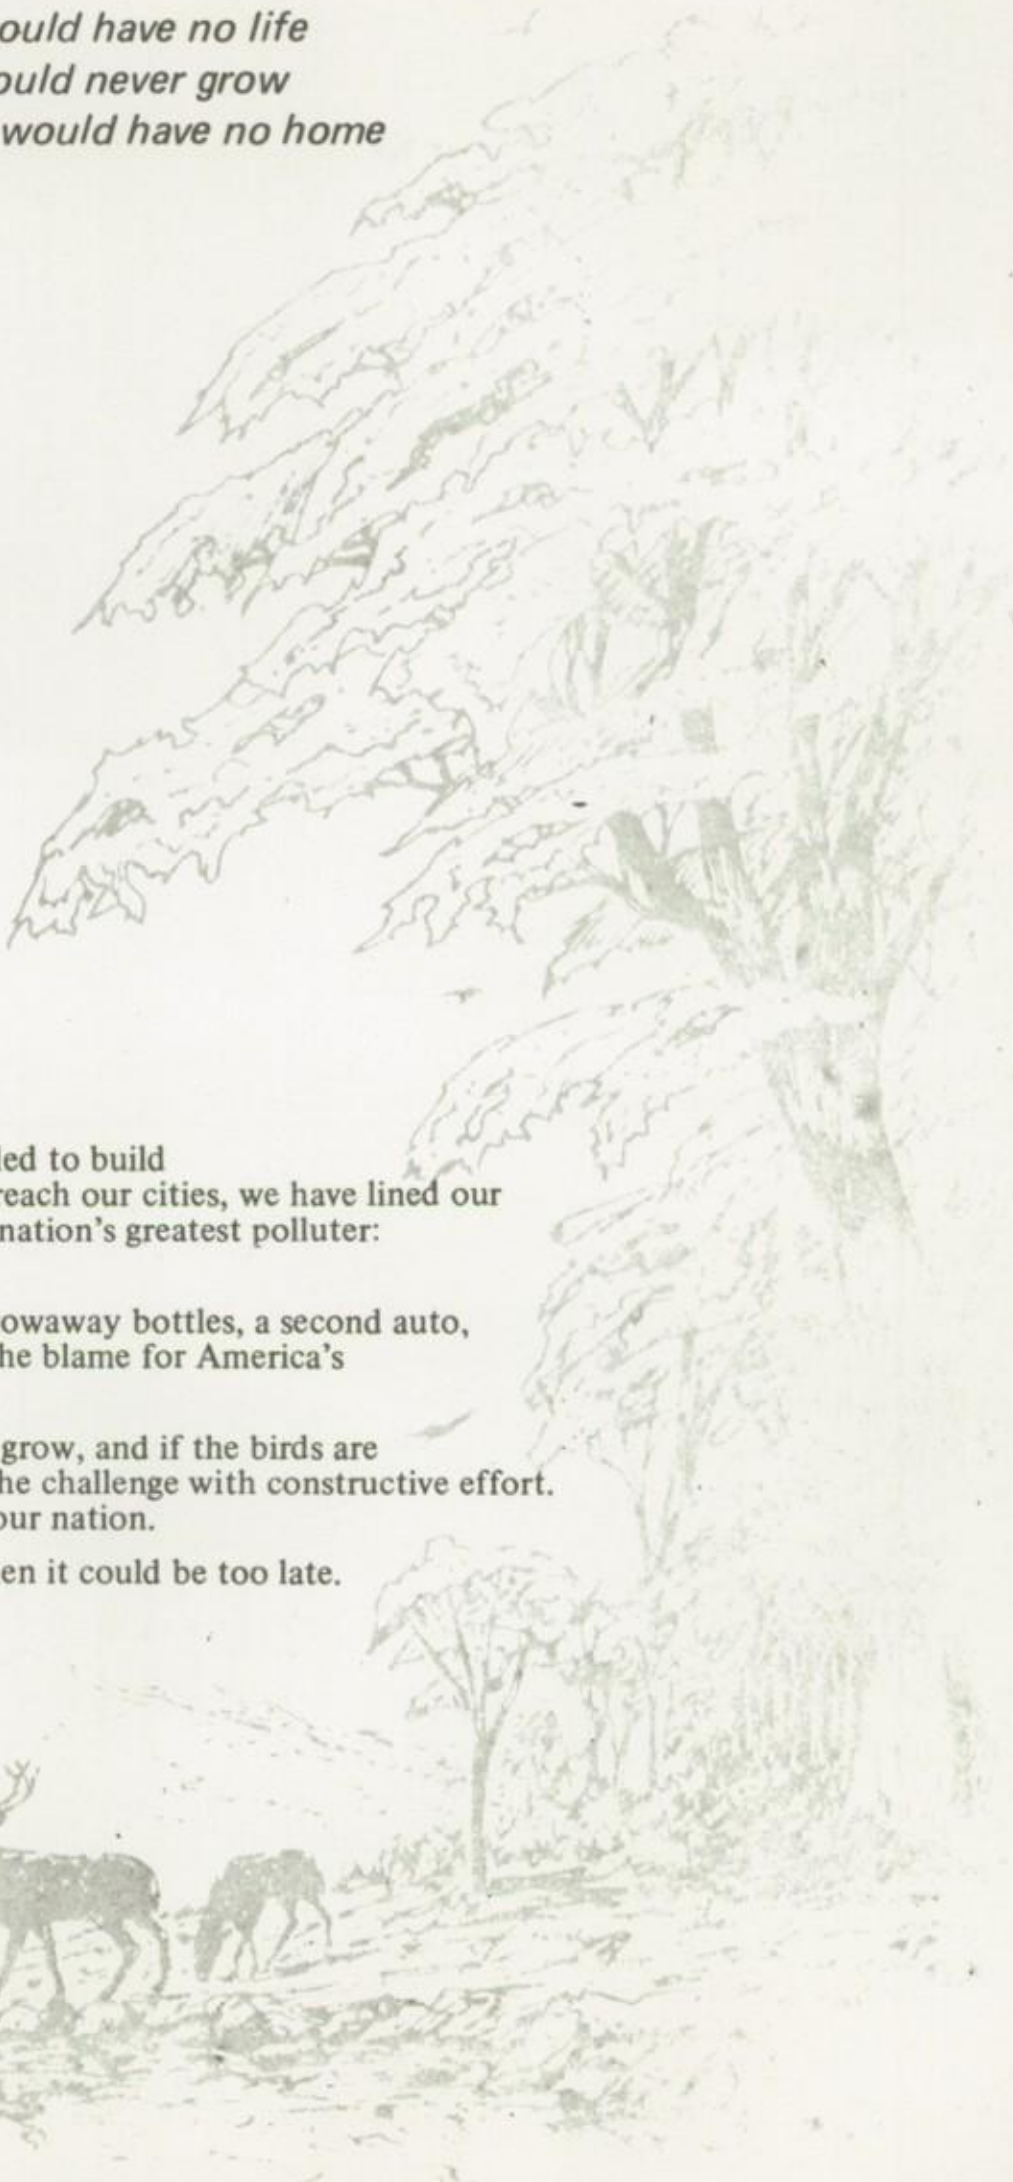

Over the years, we have converted these natural resources from unusable raw materials to industrial products unmatched anywhere on earth. From a simple light bulb to spacecraft capable of landing men on the moon, we have matched our natural resources with the resources of technology to achieve the heights of scientific accomplishments.

Along the way to success, we have overlooked the mother who spawned these achievements. To provide steel to build cities, we have stripped our earth of coal and dumped the residue in our lakes and rivers. Trees that provide us with oxygen have been leveled to build homes in the suburbs, creating urban sprawl. To reach our cities, we have lined our countrysides with concrete to accommodate our nation's greatest polluter: the internal combustion engine.

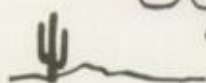

We are all members of a society that demands throwaway bottles, a second auto, and electricity for our homes. We must all share the blame for America's environmental problems.

If the leaves are to have life, if our flowers are to grow, and if the birds are to have a home, today's youth must also accept the challenge with constructive effort. Your actions today will determine the course of our nation.

America can't wait for the next generation. By then it could be too late.

CLASS OF 1940

Our electricity didn't do nearly as much for the class of 1940 as it does for the graduating class of today. It didn't run their TV, stereo, clothes dryers and a lot of other things that weren't even around in those days.

Today, even though our electricity does more for you, it still does it at a low, low cost. Tomorrow, you'll demand even more energy from us . . . and we'll be ready with more than enough to meet your needs. Because we care how you live.
